Teaching Life Skills in the School Library Blanche Woolls, Connie Hamner Williams, 2019-03-08 Drawing on stories from successful programs and research this book shows librarians how to provide students with the practical information they need for a bright future Chapters cover career readiness financial literacy and civic responsibility at each grade level From preschool through high school students are preparing for their future As they move through grade levels they choose courses research potential careers learn about managing money and recognize the responsibilities of being active citizens At each step of the way librarians can collaborate with teachers to help students to learn how to live in a world they can only imagine School librarians are positioned to make a positive impact on students lives when it matters most Focusing on preparation for life after high school this book cites research and provides anecdotes of successful programs as examples of how school librarians in collaboration with counselors community members public libraries and teachers can develop collections and offer programming to show students the importance of finishing high school Chapters also explain how to help students to find the college or university that fits with their educational interests and won t cause them to incur enormous debt Included in every chapter are activities resources and lesson plans around topics at each grade level for librarians to co teach with teachers counselors and other school staff

Ideas for School Library Media Centers Blanche Woolls, 1978 [Library Youth Outreach](#) Kerol Harrod, 2014-01-21 With tightened library budgets the norm librarians run the risk of cutting back so much that they isolate themselves from their patrons and their communities This doesn t have to happen The outreach methods detailed in this book range from simple actions to detailed processes Each of the 26 chapters provides helpful information for both those new to

library outreach and those with years of experience **Bringing Classes into the Public Library** Martha Seif Simpson, Lucretia I. Duwel, 2015-01-24 With so much competing for the time of today's students youth services librarians have an especially challenging job How can they reach their target audience One of the surest ways is the promotion through the local school system of a series of class visits to the public library But where to begin Choosing a grade level contacting school officials and teachers and planning age appropriate programs are among the many steps that librarians must take but may feel unprepared for Encouraging the collaboration of professionals in public libraries and local schools this comprehensive guide presents a detailed framework for a versatile program of class visits Written by two public librarians with firsthand experience it describes in a step by step format how to accomplish a structured series of class visits The book addresses procedures planning and implementation and offers suggestions for both elementary and secondary school visits Informational packets and other print materials are provided for each level Possible challenges are discussed with thoughts on their impact on the overall program and ways to find workable solutions The appendices contains easily adaptable templates including sample schedules letters to teachers and evaluation forms *Diversity Programming for Digital Youth* Jamie Campbell Naidoo, 2014-06-24 Combining information about outreach to diverse populations selection of culturally diverse children's print and digital media and library programming this book is the tool librarians need to promote cultural understanding through engaging children's programs designed for today's culturally diverse youth Today's children live in a culturally diverse and constantly changing digital world New digital media is created every day but librarians and other educators need help in evaluating cultural content in digital apps determining whether they send appropriate social messages to children and learning how to use them in library programs that promote cultural competence *Diversity Programming for Digital Youth Promoting Cultural Competence in the Children's Library* provides just the help that is needed This resource is the only one to examine the role of culturally diverse digital media and how it can be used with children's books to promote cultural competence in the library It provides annotated lists of digital media paired with culturally diverse literature to offer librarians and educators a springboard for creating enriching engaging and culturally relevant programs for children from diverse backgrounds The sample digital storytime programs celebrating diverse cultures will benefit busy librarians looking for ways to engage reluctant readers in library storytimes Teaching Library Skills in Middle and High School Linda J. Garrett, JoAnne Moore, 1993 This is a practical compendium of sample plans that correlates with Loertscher's resource based teaching Part I deals with library skills such as location and arrangement indexing systems study and research aids and reference tools Part II focuses on resource based instruction by general subject groups such as humanities social studies science and vocational education **Positive Classroom Management Skills for School Librarians** Kay Bishop, Jenny Cahall, 2012-01-16 Some students are more challenging than most This book helps school librarians prevent deal with and overcome discipline problems they may face when communicating with K 12 students

Positive Classroom Management Skills for School Librarians is a rich highly needed collection of strategies and methods for building and maintaining a positive learning environment in the library classroom. Appropriate for both pre service and practicing school librarians at all grade levels, this book provides suggested techniques and examples of best practices for managing students in a school library. This invaluable information has been obtained from observations of school librarians and from discussions with pre service students and based upon coauthor Kay Bishop's 20 years of experience as a school librarian in various library settings. Specific topics covered include establishing positive relationships between students and school librarians, characteristics of students in different grade levels, techniques that librarians can use for effectively managing students in the school library, ways to relate with diverse students including students with special needs, managing students as they utilize technology in library settings, and designing a school library environment to avoid potential discipline problems.

Teen Library Events Kirsten Edwards, 2001-10-30 If you are a new young adult librarian or an experienced librarian with little time to plan and execute programs for teens, this book is for you. For each month in the calendar year, two or three programs popular with teens are presented with instructions, sample flyers, letters, and checklists. From simple programs such as a candy raffle to more complex programs such as a mystery night, librarians can keep their teen calendar full of activities with a minimum of effort. Programs that tie into both school events and national events for teens are included, as well as those that can be presented at an individual library. Suggestions for programs range from a poetry contest to a summer job program. Instructions for ongoing procedures for soliciting teens' opinions are provided, a monthly question board, candy raffle, starting and running a Teen Advisory Board, and so on. Basic skills for all YA librarians are emphasized in each of the programs; these skills include booktalking, working with the schools, and marketing your programs within the library and to the community. By creating variations in each of the programs, young adult librarians will have a wealth of ideas in this book to keep their YA program calendar filled for years to come.

School Library Journal, 2007-02 *Gamification* Elizabeth McMunn-Tetangco, 2017-02-16 Games can seem to do the impossible: reach patrons and drive traffic to projects and services. But how can libraries use gamification and game elements to improve instruction and outreach or to encourage the use of particular areas and services? In this guide, readers will learn about how to structure game activities in order to best reach their patrons. Chapters devoted to topics such as personalization, goal setting, working with partners, games in instruction, and assessment illustrate some of the many ways games can have an impact in libraries. Everything in this book is presented from a practical point of view; email templates, real life examples, and scenarios are included. Games have a lot of potential for use in many different library services, and this book will help you decide how they might work best for you. From the first seeds of a project's beginning to its eventual maturation, this book will help you develop, implement, and evaluate game style projects at your library.
