Licensing Intellectual Property John W. Schlicher, 1996-08-28 This new legal environment has expanded the range of licensing options Due to these changes lawyers and business professionals operating within the confines of the

old law are missing valuable opportunities How does one go about understanding and profiting from this new situation The most direct approach is to learn and apply the concepts and methods that lead to the legal changes The new methods do not treat law and business behavior as separate subjects These methods integrate issues of law and business organization That is the approach of this book John W Schlicher **Licensing Intellectual Property** Robert W. Gomulkiewicz, Xuân Thảo Nguyễn, Danielle M. Conway, 2014 Licensing Intellectual Property Law and Application streamlines for students of varied backgrounds and expertise the range of licensing models available and the framework for understanding what clients want and need to accomplish The book's extensive drafting exercises provide students the opportunity to develop their skills Intellectual property is today among the most controversial and interesting areas of law thanks to its close link to the technological changes sweeping society Among the topics covered under the umbrella of IP are Copyright Internet Patent and Trademark Law This book is for courses focusing on the law of licensing and the application of licensing in practice

Descripci n del editor Research Handbook on Intellectual Property Licensing Jacques de Werra, 2013-01-01 Transactions involving intellectual property whether by way of out and out assignment or by one of the myriad variants of licensing which are possible are really really important they help the world of business go round But such transactions can be complex with things like national rules preventing alienation getting in the way of bargains people wish to make So it is quite astonishing how sparse the literature on the subject is particularly literature taking a comparative view This book is perhaps the very first of its kind taking as it does perspectives from the major legal systems of the world Moreover its distinguished authors have not written in a technical or abstruse way as academics and some judges can all too easily do Far from it This book is readable and anyone concerned with intellectual property licensing should read it and will find it a pleasure to do so They will also learn a lot about some of the pitfalls and bear traps to be found around the world At UCL we have recognised the importance of this subject This book will be on our students reading list The Rt Hon Sir Robin Jacob UCL Faculty of Laws UK IP licensing underpins the information economy This impressive book brings together leading academic lawyers and practitioners from a range of key jurisdictions to explore a number of major current issues The book is both thoughtful and practical and it is not afraid to call for greater harmonization of IP licensing law It is a must have for all those involved in the field Simon Stokes Blake Lapthorn This Research Handbook provides a valuable mix of practical and theoretical perspectives on IP licensing and will serve as a reference resource for scholars and practitioners in this field of study Francesco Parisi University of Minnesota US and University of Bologna Italy The Handbook brings together a unique collection of world renowned experts providing detailed discussion in every chapter The brilliance of this collective work is found in its broad two dimensional focus beyond patents to all key IP assets on the one hand and country specific discussion for key regions around the world on the other Whether read cover to cover as a compilation of current best practice or used as a true reference guide the Research Handbook on Intellectual Property Licensing is a must have for anyone seeking to capture

value from intangible assets From the foreword by James E Malackowski The Research Handbook on Intellectual Property Licensing explores the complexities of intellectual property licensing law from a comparative perspective through the opinions of leading experts This major research tool analyses the features of specific types of licensing agreements and also addresses other practical issues which apply across different types of licensing transactions such as the treatment of licensing in bankruptcy and the use of arbitration for solving licensing disputes The Handbook ultimately provides a scholarly contribution to the development of global intellectual property licensing policies Including transversal and comparative analysis this Handbook will appeal to intellectual property licensing practitioners lawyers and intellectual property and contract law academics Intellectual Property Licensing and Transactions Jorge L. Contreras, 2022-06-30 Intellectual property transactions underlie large segments of the global economy from pharmaceuticals to computing entertainment to digital content This first of its kind resource combines practical contract drafting and negotiation skills with substantive legal doctrine in the rapidly growing area of intellectual property transactions and licensing Though primarily designed for classroom use it is also a must have legal reference work for every lawyer involved in the technology biopharma entertainment media or financial services industries It includes practical drafting models and explanations of key contractual provisions such as field of use exclusivity milestones royalties termination indemnification and liability and combines these with discussion of the latest cases interpreting these provisions Numerous legal doctrines that affect the enforcement of IP agreements are also covered An instructor s manual for this book is currently being developed If you are interested in receiving updates about the availability of this resource please contact the author directly This book is also available as Open Access on Cambridge Core Licensing of Intellectual Property, 2011 Licensing of Intellectual Property and Other Information Assets Raymond T. Nimmer, 2004 Technology Management Robert C. Megantz, 2002-03-25 Licensing is an important source of revenue especially in technology driven industries This book takes inventors and corporate managers from original idea to final deal **Research Handbook on Intellectual Property Licensing** Jacques de Werra, Irene Calboli, 2025-08-11 In this thoroughly revised and expanded second edition of an acclaimed Handbook leading experts explore the multiple facets of IP licensing law from a global and comparative perspective The Rise of Open Source Licensing Mikko Välimäki, 2005 **Licensing Intellectual Property** Raman Mittal, 2011 **Intellectual Property Misuse**, 2000 Misuse is an increasingly important topic because of the central role intellectual property plays in our economy The consequences of a misuse finding are severe unenforceability of the patent or copyright involved and defense to a suit to recover royalties in a license The defense continues to arise in patent cases has led to the dismissal of several recent copyright cases and is now being asserted in trademark cases The misuse defense thus represents a nexus of intellectual property and antitrust law and has the potential to affect business practices involving computer copyrights and other areas highly relevant in today s economic environment This timely handbook covers the origin and development of the misuse

doctrine the debate about its scope and existence in relation to antitrust law and its present status in patent copyright and trademark law It also gives practical insights into how the doctrine affects both licensing and litigation practice
