**Everyday Life in Bible Times** John A. Beck,2013-09-15 The authors of the Bible routinely employed mention of manners and customs from the ancient world in their inspired writing fully intending that the Lord would change readers with these images But modern readers often miss the full literal and figurative meaning of biblical imagery due to the distance in time and experience between the world of today and the world of the Bible This fully illustrated guide aims to restore clarity and vitality to these portions of God s Word in order to help readers grasp the full meaning of Scripture For example the entry on anointing defines the nature of this act and the connotations associated with it before illustrating how the biblical authors use the act of anointing in their communication with us communication that reaches its full maturity in Jesus the Anointed One Understanding manners and customs like anointing enriches our experience of reading the Bible and even helps us correctly interpret it This colorful guide clearly and succinctly introduces modern readers to daily life in Bible times The cultural practices of the past are fascinating on their own but even more so as they help us grasp the full meaning of Scripture **The Family in Life and in Death: The Family in Ancient Israel** Patricia Dutcher-Walls,2009-11-15 This

volume explores the advantages of seeing a topic from two different but complementary perspectives All of the papers in the volume were read at two sessions at SBL 2005 and 2006 that were co sponsored by the Social Sciences and the Hebrew Bible Section of SBL and the American Schools of Oriental Research The sessions were designed to promote dialogue among scholars by juxtaposing research based in the social sciences and archaeology Scholars contributed papers from within their own methodological and research perspective but addressed possible interactions and overlaps that their research might contribute to the complementary perspective Significant intersections between the approaches emerged when patterns of social interactions accessed by social scientific methods paralleled patterns in material remains accessed by archaeological methods The sessions and thus the book achieve coherence because all of the papers attended to aspects of the family in ancient Israel While the presenters selected their own topics in the subject area several foci emerged that reflect current research interests in these fields These foci include research on ancestors and the cult of the dead configurations of family house structures and family relational interactions All of the papers make their methods and approaches visible and delineate clearly the textual or material basis of their research so that the dialogue among the papers is facilitated
