The Partisan Next Door Ethan C. Busby, Adam J. Howat, Jacob E. Rothschild, Richard M. Shafranek, 2021-09-29 In the United States politics has become tribal and personalized The influence of partisan divisions has extended beyond the political realm into everyday life affecting relationships and workplaces as well as the ballot box To help explain this trend we examine the stereotypes Americans have of ordinary Democrats and Republicans Using data from surveys experiments and Americans own words we explore the content of partisan stereotypes and find that they come in three main flavors parties as their own tribes coalitions of other tribes or vehicles for political issues These different stereotypes influence partisan conflict people who hold trait based stereotypes tend to display the highest levels of polarization while holding issue based stereotypes decreases polarization This finding suggests that reducing partisan conflict does not require downplaying partisan divisions but shifting the focus to political priorities rather than identity a turn to what we call responsible partisanship

Indigenous Intergenerational Resilience Lewis Williams, 2021-11-04 This book argues that there is a need to develop greater indigenous led intergenerational resilience in order to meet the challenges posed by contemporary crises of climate change cultural clashes and adversity In today s media the climate crisis is kept largely separate and distinct from the violent cultural clashes unfolding on the grounds of religion and migration but each is similarly symptomatic of the erasure of the human connection to place and the accompanying tensions between generations and cultures This book argues that both forms of crisis are intimately related under scored and driven by the structures of white supremacy which at their most immediate and visible manifest as the discipline of black bodies and at more fundamental and far reaching proportions are about the power privilege and patterns of thinking associated with but no longer exclusive to white people In the face of such crisis it is essential to bring the experience and wisdom of Elders and traditional knowledge keepers together with the contemporary realities and vision of youth This book s inclusive and critical perspective on Indigenous led intergenerational resilience will be valuable to Indigenous and non Indigenous interdisciplinary scholars working on human ecological resilience

Flourishing in Contexts and Cultures Gregory Arief D. Liem, Dennis M. McInerney, 2023-07-01 The youth of today is confronted with a myriad of challenges of living in a world that has never been more volatile uncertain complex and ambiguous These multifaceted challenges compromise their well being Fostering the well being of young people across sociocultural boundaries rather than of the select groups of privileged individuals is a timely and worthy endeavor and should not take a back seat The advent of Positive Education which is an educational paradigm that emphasizes the goal of developing both cognitive abilities and well being skills in students and young people in general has offered a promising generic approach to promoting the well being of young people The twin goals of Positive Education are indeed aligned with two major views of well being eudaimonia highlighting the importance of one's engaged pursuit of meaningful goals and hedonia stressing the importance of one's positive emotion and life satisfaction in one's well being Their combination that wellness is achieved when a person is feeling good and functioning well has often been termed flourishing Unfortunately scholarly discussions on sociocultural influences on flourishing or well being and ways of promoting it have been scarce This volume addresses such a gap in a rigorous and timely manner International scholars from culturally diverse backgrounds put together their thoughts and ideas in their respective chapter contributions that collectively invite us to mindfully take into account youth's sociocultural and sociodemographic backgrounds in promoting their flourishing This book which embodies the who what when where and how of youth well being will be extremely insightful and useful for scholars and researchers as well as policy makers and practitioners teachers interventionists counsellors youth mentors who seek to promote the well being of young people in their respective contexts and beyond

Gracious Forgiveness Cristian F. Mihut, 2023-03-14 Divine forgiveness is expressed in biblical and liturgical contexts through a variety of metaphors canceling debts covering stains forgoing or stopping litigation forgetting iniquities and more In this study Cristian F Mihut retrieves a theologically paradigmatic liturgically deep and symbolically evocative image of divine forgiveness that has received little attention bearing burdens Gracious Forgiveness A Theological Retrieval articulates a divine disposition to forgive starting from this metaphor Embedded in a larger covenantal relational framework where sin is a cosmic sickness humans are targets of divine healing and divine transcendence is expressed through

inexhaustible gracious commitments to redress brokenness divine forgivingness finds its most lucid tangible and full expression in the life and work of Jesus Christ In the person of Jesus Christ we see most clearly how a gracious God is committed to separating sinners from their sin and how God heals people by absorbing into God s own being the consequences of their offense A second main argument of the book is that sin bearing Christological forgivingness has ethical and relational ramifications The study articulates a human disposition to forgive forgivingness that involves both a certain conception of one s participation in Christ and a certain formation of one s sensibility Entrenching forgivingness depends at once on developing gracious hopeful and merciful dispositions but also on seeing oneself as a continuant of God s cosmic story of redressing brokenness Mihut concludes with a defense of the surprising claim that curative forgivingness is compatible with anger and even recommended to people living under oppression *Bonhoeffer* Petra Brown,2019-01-04
