

LIFE ORIENTATIONS

Life Orientation Exemplars

Arend Carl

Life Orientation Exemplars:

The King As Exemplar Jamie A. Grant, 2004 This book contributes to one of the more fruitful areas of Old Testament studies in recent years the canonical study of the Psalter It asks why the three psalms that focus on the torah instruction of Yahweh Pss 1 19 and 119 are associated with royal psalms and suggests that the answer lies in an editorial attempt to draw attention to Deuteronomy's kingship law Deut 17 14 20 This focus on the Pentateuch's paradigm for kingship is meant not only to shape the psalmic presentation of the eschatological king but also to direct the reader to a piety that every believer should emulate the king as exemplar for the people of God This volume will be of interest to scholars of the Psalter Deuteronomy and intertextual studies as well as profitable reading for anyone interested in biblical perspectives on living as the people of God Paperback edition is available from the Society of Biblical Literature www.sbl-site.org

Between Ourselves Evan Thompson, 2001 Second person I You relations are central to human life yet have been neglected in consciousness research This book puts that right and goes further by also including descriptions of animal person to person interactions

Moral Exemplars in the Analects Amy Olberding, 2013-03-01 In this study Olberding proposes a new theoretical model for reading the Analects Her thesis is that the moral sensibility of the text derives from an effort to conceptually capture and articulate the features seen in exemplars exemplars that are identified and admired pre theoretically and thus prior to any conceptual criteria for virtue Put simply Olberding proposes an origins myth in which Confucius already and prior to his philosophizing knows whom he judges to be virtuous The work we see him and the Analects authors pursuing is their effort to explain in an organized generalized and abstract way why pre theoretically identified exemplars are virtuous Moral reasoning here begins with people and with inchoate experiences of admiration for them The conceptual work of the text reflects the attempt to analyze such people and parse such experiences in order to distill abstract qualities that account for virtue and can guide emulation

The Routledge Handbook of Media Use and Well-Being Leonard Reinecke, Mary Beth Oliver, 2016-06-23 The Routledge Handbook of Media Use and Well Being serves as the first international review of the current state of this fast developing area of research The volume provides a multifaceted perspective on the beneficial as well as the detrimental effects of media exposure on psychological health and well being As a first mover it will define the field of media use and well being and provide an essential resource for research and teaching in this area The volume is structured along four central considerations Processes presents concepts that provide a theoretical bridge between media use and well being such as psychological need satisfaction recovery from stress and strain self presentation and self enhancement or parasocial interactions with media characters providing a comprehensive understanding of the underlying processes that drive psychological health and well being through media Moderators examines both risk factors that promote negative effects on well being and protective factors that foster positive media effects Contexts bridges the gap between theory and real life by illustrating how media use can influence well being and

satisfaction in very different life domains covering the full spectrum of everyday life by addressing the public private and work spheres Audiences takes a look at the influence of life phases and life situations on the interplay of media use and well being questioning whether various user groups differ with regard to the effects of media exposure Bringing together the expertise of outstanding international scholars from multiple disciplines including communication media psychology social psychology clinical psychology and media education this handbook sheds new light on the role of media in influencing and affecting emotions

Teaching Strategies for Outcomes-based Education Roy Killen,2007-07 This is an easily understandable and practical guide to effective teaching for teachers and trainers in all instructional settings school further education and training and higher education It is particularly useful for students both as a text for their theoretical studies and as a reference during their practical teaching experiences and their later teaching careers This second edition has been extensively revised and now includes introductory chapters that provide a strong theoretical base as well as a chapter on outcomes based assessment

Personality, Identity, and Character Darcia Narváez, Daniel K. Lapsley,2009-06-29 This edited volume features cutting edge work in moral psychology by pre eminent scholars in moral self identity moral character and moral personality

Moral Agency in Eastern and Western Thought Jonathan Jacobs, Heinz-Dieter Meyer,2024-07-30 This volume explores how individuals use moral agency to craft the moral dispositions and moral capabilities needed for living well lived lives It draws on Eastern and Western philosophical and ethical traditions to formulate and address key issues concerning character development and moral agency In both Eastern and Western traditions the complexities of shaping an individual s moral agency focus on sustained processes of inner self cultivation The chapters in this volume highlight the ways in which one is to manage and direct one s desires and aspirations and what is to count as the source of guidance for a well lived life They engage with key figures and traditions in the history of Eastern and Western philosophy including Confucian Buddhist and Western sources from Aristotle to Kant The juxtaposition of sources from the different parts of the world highlights striking similarities and significant contrasts and provides rich conceptual resources for further exploration of these issues The volume provides a broader deeper pursuit of central issues of moral psychology and ethics in ways that highlight the inexhaustible resources in these traditions The focus on character is a way to draw together perspectives on ethical life theories of human agency views of fundamental life guiding values and relations between individuals and society and how persons see their place in the world Moral Agency in

Eastern and Western Thought will appeal to scholars and advanced students working on virtue ethics moral psychology comparative philosophy and history of philosophy Curriculum Development and Review for Democratic Citizenship and Human Rights Education Tibbitts, Felisa, Council of Europe, 2016-03-01 Education for democratic citizenship and human rights education are vital for peaceful sustainable and inclusive societies based on respect for the human rights of every person Effective teaching and learning processes require well trained teachers positive learning environments and high quality learning materials This is underpinned by education policy including curriculum development and review which is the main focus of this book The strengthening of education policies in the fields of education for democratic citizenship and human rights lies at the very heart of the efforts of the Council of Europe the United Nations Educational Scientific and Cultural Organization the Office for Democratic Institutions and Human Rights of the Organization for Security and Co operation in Europe and the Organization of American States These organisations have jointly produced this publication in order to support states commitment to fostering citizenship and human rights education and improving access to quality education for all **African American Identity** Jas M. Sullivan, Ashraf Esmail, 2012-04-26 Jas M Sullivan and Ashraf M Esmail s African American Identity Racial and Cultural Dimensions of the Black Experience is a collection which makes use of multiple perspectives across the social sciences to address complex issues of race and identity The contributors tackle questions about what African American racial identity means how we may go about quantifying it what the factors are in shaping identity development and what effects racial identity has on psychological political educational and health related behavior African American Identity aims to continue the conversation rather than provide a beginning or an end It is an in depth study which uses quantitative qualitative and mixed methods to explore the relationship between racial identity and psychological well being effects on parents and children physical health and related educational behavior From these vantage points Sullivan and Esmail provide a unique opportunity to further our understanding extend our knowledge and continue the debate **The Teacher and the World** David T. Hansen, 2017-07-20 Winner of the 2013 American Educational Studies Association s 2013 Critics Choice Award Teachers the world over are seeking creative ways to respond to the problems and possibilities generated by globalization Many of them work with children and youth from increasingly varied backgrounds with diverse needs and capabilities Others work with homogeneous populations and yet are aware that their students will encounter many cultural changes in their lifetimes All struggle with the contemporary conditions of teaching endless top down measures to manipulate what they do rapid economic turns and inequality in supportive resources that affect their lives and those of their students a torrent of media stimuli that distract educational focus and growth as well as shifts in population In The Teacher and the World David T Hansen provides teachers with a way to reconstruct their philosophies of education in light of these conditions He describes an orientation toward education that can help them to address both the challenges and opportunities thrown their way by a globalized world Hansen builds his approach around

cosmopolitanism an ancient idea with an ever present and ever beautiful meaning for educators The idea pivots around educating for what the author calls reflective openness to new people and new ideas and reflective loyalty toward local values interests and commitments The book shows how this orientation applies to teachers at all levels of the system from primary through university Hansen deploys many examples to illustrate how its core value a balance of reflective openness to the new and reflective loyalty to the known can be cultivated while teaching different subjects in different kinds of settings The author draws widely on the work of educators scholars in the humanities and social sciences novelists artists travellers and others from both the present and past as well as from around the world These diverse figures illuminate the promise in a cosmopolitan outlook on education in our time In this pioneering book Hansen has provided teachers heads of school teacher educators researchers and policy makers a generative way to respond creatively to the pressure and the promise of a globalizing world

The Oxford Handbook of Phenomenologies and Organization Studies François-Xavier de Vaujany, Jeremy Aroles, Mar Pérezts, 2023 Phenomenologies are a major stream of philosophy Our aim with this handbook is to explore critically and reflexively the plurality of phenomenologies and their becoming in the context of Management and Organization Studies We detail in the introduction the genealogy of the phenomenological moment and make a distinction between four streams of phenomenologies phenomenology as a phenomenological moment post phenomenologies anti phenomenologies and non phenomenologies Beyond many clichés about phenomenologies we argue that phenomenologies cultivate critical perspectives ontologies and even for some of them metaphysics that make them particularly interwoven with other philosophical traditions We draw implications for Management and Organization Studies as a field

Teacher Empowerment Through Curriculum Development Arend Carl, 2004-04 South African education faces tremendous challenges several of which relate to curriculum development The aim of this guide is to empower teachers to become agents of curriculum change to make a positive contribution towards the development and transformation of education
