

***Life Has a History* scavenger hunt**

Name: _____ **Period:** _____

As you navigate through *Life Has A History*, keep your eyes open for answers to the following questions.

1. Find the information describing the 30 million species of living organisms. Of that 30 million, how many are NOT animals? [HINT: Subtract the total number of animal species currently known.]

2. Find the three lens views comparing the oceans through time. Name one animal common to today's ocean whose relatives were also around 470 million years ago.

3. Find the timeline. How many millions of years did dinosaurs exist on Earth before they became extinct?

4. Find and name at least five things other than bones that can be preserved as fossils.

5. Find a picture of *Deinonychus* and three of its relatives. What feature do the birds all share that *Deinonychus* does not?

Life Has A History Scavenger Hunt
