Due to policy change at Malwarebytes, I am no longer able to provide a procedure for manually copying the database files to an infected/broken computer using a flash drive. Since the mbam-rules.exe is downloaded once a week now, update frequency, please feel free to stop by the download page for updates.

For those who know how to manually update the database, please note that that method will no longer work. An incremental updater is added to Malwarebytes' Anti-Malware.
