Jordan **Beyond the Green Myth** Peter G. Sercombe,Bernard Sellato,2008-03-18 Borneo with its tales of White Rajahs
and tribes of headhunters has long excited the Western imagination Today however there is another green imagination at
work Mention of the island is more likely to evoke images of tropical deforestation and concern about the cruel dispossession
and displacement of indigenous peoples who once lived in relative harmony with their environment It is perhaps not
suprizing then that most books dealing with the nomadic hunter gatherers of Borneo have principally been pictorial studies
There is indeed a dearth of scholarship regarding these peoples a situation that this first ever comprehensive review of
nomadic groups in the Borneo rain forest aims to rectify Presenting a wealth of new research contributed by an international
team of scholars the volume covers all of those parts of Borneo where nomads called Penan Punan or by various other names
are or were known to exist and provides a comparative historical ecological study of these groups The study is primarily

concerned with issues of modernization including the monetary economy formalized institutions centralized power structures contractual relationships and extraction activities and development policies The impact of these policies is analyzed with special regard to the natural environment inhabited by these small scale societies as well as the use of its resources The book has no stiff theoretical orientation but informs ongoing debates about changing forms of ethnicity relations between minorities and the state minorities rights and survival native discourse the sustainability of tropical forest use and the neo romantic environmentalist myth of so called wise traditional peoples

Trees in Patagonia Bernardo Gut, 2008-12-23 This book is a guide to the native trees and approximately 95% of the introduced arboreal species of Argentine and Chilean Patagonia Keys based on vegetative characters and richly illustrated descriptions of more than 170 species form the core of the manual
