Drugs, Violence and Latin America Joseph Patteson, 2021-12-01 This book undertakes a psychotropic analysis of texts that deal with the violence of drug trafficking and interdiction especially in Mexico While most critics of so called narcoculture have either focused on an aesthetic sobriety in these works or discounted them altogether as exploitative and unworthy of serious attention *Drugs Violence and Latin America* illuminates how such work may reflect and intervene in global networks of intoxication Theorizing a dialectics of intoxication that illustrates how psychotropy may either solidify or destabilize the self and its relationship to the other it proposes that these tendencies influence human behavior in distinct ways and are leveraged for social control within both licit and illicit economies A consideration of a countercultural genealogy in Latin America provides a contrastive psychotropic context for contemporary novels that exposes links between narcoviolence and consumerism challenging our addictions of thought and feeling about ourselves and our relationships to drugs and narco violence Manual de direito na era digital - Consumidor Fernando de Paula Torre, Gustavo César Terra

Anna Carolina Pinho Dados e idéias, 1990 **Violencia contra los periodistas** Marisol, Cano Busquets, 2019-01-25 La violencia contra los periodistas no es un hecho aislado. Esta es una práctica presente en países de todo el mundo y que se caracteriza por la impunidad que rodea a las muertes de comunicadores de diversos medios de comunicación. Esta situación no solo deja impune el crimen también impide y trunca la relación de la información con la comunidad. Cuando estos actos se llevan a cabo se vulnera la persistencia de la libertad de expresión el funcionamiento y el propósito de los medios de comunicación la confianza en la investigación periodística y las fronteras del miedo. Consciente de la gravedad de la situación Marisol Cano investiga en este libro diez organizaciones internacionales de defensa de la libertad de expresión mediante una metodología cualitativa que hace uso de técnicas de investigación como el análisis documental el análisis de contenido y la entrevista estructurada. De esta forma logra construir un marco global analítico de la lucha frente a la violencia contra los periodistas en la primera década del siglo XXI que le permite conocer el discurso sobre la libertad de expresión sus formas de evaluación las decisiones de las organizaciones para intervenir en determinados contextos los procesos de protección de los periodistas y el perfil de las organizaciones encargadas de su bienestar. En un mundo tan conectado el periodismo ya no es un asunto que pueda limitarse a las fronteras nacionales o a contextos locales su acción atañe a la comunidad internacional y las repercusiones que se derivan de su silenciamiento es un asunto que demanda el compromiso y la responsabilidad de toda la humanidad.
