Carl Sagan was perhaps one of the most influential scientific minds that the world has ever experienced. When he learned that stars were actually extremely distant suns, his world was changed and the magnitude of the universe opened up to him. Another strong motivator into science came with his reading of a popular science fiction book of the time, *The Barroghs Tales*. The stories were not extremely sound scientifically, but still presented ideals of adventure and the unknown. The idea that life could exist elsewhere in the universe fascinated Sagan and remained with him for the rest of his life (Escher).

Perhaps one of Sagan's most famous individual accomplishments was his involvement with the *Pioneer 10 Space Probe*. The probe was created to be the first object to exit our galaxy. Sagan acknowledged that the chances of anything actually discovering the probe were astronomical, but believed that it was important to promote public appreciation for science and thought the project to be "all in good fun" (McDonough 50).

Public appreciation for science was, in fact, what made Sagan the "superstar scientist" that we hear of today. His ability to portray complex

Writers is a college writer's companion that covers writing grammar research and documentation in an extremely affordable and portable spiral bound format. From the best selling family of handbooks, Rules has consistently been the best value for college writers. Now it's even more so. The Seventh Edition actually teaches students how to make better use of their handbook. With new material about how to integrate the handbook into lessons and class activities, Rules for Writers is an even more useful tool for instructors. We like Rules because it's affordable, easy to use, and flexible enough for multiple courses. Anne Helms, Alamance Community College.

*Bloom's how to Write about Herman Melville* Laurie A. Sterling, 2009. Although he spent much of his career in obscurity, Herman Melville, the author of classics such as *Moby Dick*, *Billy Budd*, and *Bartleby the Scrivener*, has since become known as one of America's greatest writers. *How to Write about Herman Melville* offers valuable paper topic suggestions, clearly outlined strategies on how to write a strong essay, and an insightful introduction by Harold Bloom on writing about Melville. This new volume is designed to help students develop their analytical writing skills and critical comprehension of the author and his major works.

**Combating Plagiarism** Terry Darr, 2019-09-24. Offers an instructional plan for plagiarism education for middle school and high school students, allowing librarians to become a resource for students, teachers, and school administrators. The proliferation of resources now available through libraries and the internet requires a new set of information management skills in order for students to avoid plagiarism. While educators legitimately expect students to approach academic work with honesty and integrity, students need to be able to understand the context of their academic resources, both print and digital, well enough to use them appropriately and ethically. *Combating Plagiarism* helps middle and high school teachers and librarians understand and teach the authorship and publication process so students learn to use relevant information in an ethically and academically sound fashion. Terry Darr's long-term collaboration with a high school history teacher taught her the challenges faced by students conducting research, and by librarians and teachers tasked with teaching plagiarism prevention. Her book is full of tested concepts for teaching these complex topics, emphasizing our modern reliance on digital sources. An extensive student
