Moby S Dick:

Moby Dick Globe Fearon, Herman Melville, 1991 A young seaman joins the crew of the fanatical Captain Ahab in pursuit of the white whale Moby Dick Moby Dick Herman Melville, 1929 Moby Dick or The Whale is a novel by Herman Melville in which Ishmael narrates the monomaniacal quest of Ahab captain of the whaler Pequod for revenge on the albino sperm whale Moby Dick which on a previous voyage destroyed Ahab's ship and severed his leg at the knee Although the novel was a commercial failure and out of print at the time of the author's death in 1891 its reputation grew immensely during the twentieth century D H Lawrence called it one of the strangest and most wonderful books in the world and the greatest book of the sea ever written Moby Dick is considered a Great American Novel and an outstanding work of the Romantic period in America and the American Renaissance Call me Ishmael is one of world literature's most famous opening sentences The product of a year and a half of writing the book is dedicated to Nathaniel Hawthorne in token of my admiration for his genius and draws on Melville's experience at sea on his reading in whaling literature and on literary inspirations such as Shakespeare and the Bible The detailed and realistic descriptions of whale hunting and of extracting whale oil as well as life aboard ship among a culturally diverse crew are mixed with exploration of class and social status good and evil and the existence of God In addition to narrative prose Melville uses styles and literary devices ranging from songs poetry and catalogs to Shakespearean stage directions soliloquies and asides The author changed the title at the very last moment in September 1851 The work first appeared as *The Whale* in London in October 1851 and then under its definitive title *Moby Dick* in New York in November The whale however appears in both the London and New York editions as Moby Dick with no hyphen The British edition of five hundred copies was not reprinted during the author's life the American of almost three thousand was reprinted three times at approximately 250 copies the last reprinting in 1871 These figures are exaggerated because three hundred copies were destroyed in a fire at Harper's only 3 200 copies were actually sold during the author's life *Moby Dick* Herman Melville, 2018-09-04 Every reader knows the obsessive story of Captain Ahab and the famous white whale Moby Dick is the great American novel a monument of literature Based on the events depicted in the Narrative of the Most Extraordinary and Distressing Shipwreck of the Whale Ship Essex and the legend of Mocha Dick it is the story of the wandering sailor Ishmael and his voyage aboard the whaling ship the Pequod Commanded by the obsessed Captain Ahab a man who is hell bent on revenge against a white whale of incredible ferocity the Pequod and its crew are tasked with this singular goal whatever the emotional or human cost It is a novel rich with symbolism and complex themes But this mythical adventure has never been portrayed in such a powerful way and with such striking illustrations presenting a new perspective on this cornerstone of American literature It marks a wonderful entry point for new readers to discover Melville's universe and a beautiful edition for the countless dedicated readers of this unique novel **Moby-Dick** Herman Melville, 2002-12-31 Herman Melville's masterpiece of obsession and the untamed sea one of the greatest works of imagination in literary history

Art and Art-Attempts Christy Mag Uidhir, 2013-06-27 Although few philosophers agree about what it is for something to be art most if not all agree on one thing art must be in some sense intention dependent Art and Art Attempts is about what follows from taking intention dependence seriously as a substantive necessary condition for something s being art Christy Mag Uidhir argues that from the assumption that art must be the product of intentional action along with basic action theoretic account of attempts goal oriented intention directed activity follows a host of sweeping implications for philosophical enquiry into the nature of art and its principal relata such as authorship art forms and art ontology e g An informative distinction between art non art and failed art that any viable theory of art must capture A far more productive minimal framework for authorship not only capable of systematically addressing issues of collective authorship appropriation etc but also one according to which artists just are authors A coherent and structurally precise account of art forms based upon the relation between artists artworks and the sortal properties thereof A unified and far less metaphysically suspect ontology of art according to which if there are such things as artworks then artworks must be concrete things Ultimately Mag Uidhir aims neither to propose nor to defend any particular precise answer to the question What is art Instead he shows the ways in which taking intention dependence seriously as a substantive necessary condition for being art can be profoundly revelatory and perhaps even radically revisionary as to the scope and limits of what any particular precise answer to such a question could viably be
