Transforming Indigenous Higher Education Marion Kickett, Pat Dudgeon, Trevor Satour, Darryl Kickett, Anita Lee Hong, Glenis Grogan, Dennis Eggington, Jill Abdullah, Melony Darroch, Rae-Lee Griffin, Roz Walker, Ernie Stringer, 2023-03-15 An engaging guide for future best practice this book provides an illuminating account of how the innovative programs of education and research at one Centre for Aboriginal Studies made a demonstrably positive difference in the lives of Indigenous students Written by the experts involved the book provides detailed descriptions of these ground breaking education and research programs that saw an increase in the number of Indigenous graduates emerging from the Centre for Aboriginal Studies at Curtin University Each chapter documents a different stage in the development and delivery of these programs and demonstrates how innovative and culturally appropriate principles of teaching learning and organizational processes empowered participants to make a real difference in the lives of their families and communities The book also addresses the challenges faced by such programs and the counterproductive pressures of market based economic policies highlighting the need to create an environment attuned to Aboriginal desires for social justice self management and self determination As a celebration of genuine success in higher education for Aboriginal and Torres Strait Islander students and a guide on how to improve practice in the future this book is an essential resource for all professionals and policy makers looking to make a real difference in the lives of Indigenous peoples

Health Promotion in Schools, Universities, Workplaces, and Communities Graça S. Carvalho, Emily Darlington, Teresa Vilaça, 2024-12-17 Health education well being improvement and advocacy are effective health promotion strategies among cutting edge Public Health practices Salutogenic perspectives rooted in ecological models have taken their rightful place to empower individuals and communities to change their life ecosystems and preserve and improve their health It is imperative to shift from targeting protective or risk factors which have linear causal relationships with health conditions and or comorbidities and encompass a systemic understanding of the role of health determinants in creating health Individual collective and structural ecological approaches can better reduce health inequities Moreover engaging the presumed beneficiaries from such strategies ensures that actual needs are identified and choices are context specific It improves the whole implementation process as well as its results Higher levels of participation such as co creation imply a bottom up voluntary collaborative process rooted in values of diversity mutual trust openness autonomy freedom and respect as well as shared expertise responsibility and decision making which are essential values in co creating health promotion
