*Every Manager's Desk Reference* ,2002-01-01 What questions do you ask in a job interview to effectively understand your candidate How do you motivate a team And it s time for performance reviews Sometimes it seems like being a manager can be a sea of unanswered questions how to calculate Return on Investment or manage your stress level Every Manager s Desk Reference comes to the rescue Packed with self contained sections of how to s this book can help you with everything from a business presentation to running an effective meeting

**Eco-Architecture IX** P. Chias,S. Hernandez,2022-09-13 Architecture is very multi disciplinary attracting many different professions This is reflected in the contributions contained in this volume that were originally presented at the 9th International Conference on Harmonisation between Architecture and Nature The included works review the challenges and new opportunities of contemporary architecture as a result of advances in design and new building technologies as well as the development of new materials Never before in history have architects and engineers had such a range of new processes and products open to them In spite of that the construction industry lags behind all others in

taking advantage of a wide variety of new technologies This is understandable due to the inherent complexity and uniqueness of each architectural project Advances in computer and information systems including robotics offers the possibility of developing new architectural forms construction products and building technologies that are just now starting to emerge Changes have also taken place in the way modern society works and lives due to the impact of modern technologies Patterns of work have been disrupted and changed affecting transportation and the home environment The demand is for a new type of habitat that can respond to the changes and the consequent requirements in terms of the urban environment Such topics are dealt with as building technologies design by passive systems design with nature cultural sensitivity life cycle assessment resources and rehabilitation and many others including case studies from many different places around the world

*Teaching and Learning History Online* Stephen K. Stein, Maureen MacLeod, 2023-04-17 Teaching and Learning History Online A Guide for College Instructors offers everything a new online history instructor needs in one package including how to structure courses integrate multimedia and manage and grade discussions as well as advice for department chairs on curriculum management student advising and more In today's technological society online courses are quickly becoming the new normal in terms of collegiate instruction providing the ideal environment to flip the classroom and encourage students to hone critical thinking skills by engaging deeply with historical sources While much of the attention in online teaching focuses on STEM business and education courses online history courses have also proven consistently popular However due to the COVID 19 pandemic new history instructors are rushed into online teaching with little or no training or experience creating a need for a guide to ease the transition from classroom to online course development and teaching A timely text this book aims to provide both new and experienced college history teachers the information they need to develop dynamic online courses
