legendary writing teacher John Truby's step by step guide to understanding and using the basic building blocks of the story world. He details the three ironclad rules of successful genre writing and analyzes more than a dozen major genres and the essential plot events or beats that define each of them. As he shows, the ability to combine these beats in the right way is what separates stories that sell from those that don't. Truby also reveals how a single story can combine elements of different genres and how the best writers use this technique to craft unforgettable stories that stand out from the crowd. Just as Truby's first book *The Anatomy of Story* changed the way writers develop stories, *The Anatomy of Genres* will enhance their quality and expand the impact they have on the world. *Trikone* ,1997 **The Publisher** ,1909 **Sight and Sound** ,1993
