Empowerment Janice Bland, 2013-07-22 Children's literature can be a powerful way to encourage and empower EFL students but is less commonly used in the classroom than adult literature. This text provides a comprehensive introduction to children's and young adult literature in EFL teaching. It demonstrates the complexity of children's literature and how it can encourage an active community of second language readers with multilayered picturebooks, fairy tales, graphic novels, and radical young adult fiction. It examines the opportunities of children's literature in EFL teacher education, including the intertextuality of children's literature as a gate opener for canonised adult literature, the rich patterning of children's literature supporting Creative Writing, the potential of interactive drama projects. Close readings of texts at the centre of contemporary literary scholarship, yet largely unknown in the EFL world, provide an invaluable guide for teacher educators and student teachers, including works by David Almond, Anthony Browne, Philip Pullman, and J. K. Rowling. Introducing a range of genres and their significance for EFL teaching, this study makes an important new approach accessible for EFL teachers, student teachers, and teacher educators.

Real Virtuality Ulrich Gehmann, Martin Reiche, 2014-06-15 Increasingly, the virtual became reality by a hybridization of the world as we knew it. The process that went on in recent years is one of a technically assisted hybridization of both space and self. The old world is becoming virtualized and functionalized to a degree never experienced before. For the first time in human history, we have reached a threshold where we have not only to reassert but to redefine ourselves as regards our fundamental terms of understanding what world means for us, our base of existence, and now an assemblage of mixed realities and connected what being human means. With a Preface by Gerd Stern.

Based on Dr. Miller's popular workshops, Mealtime and Bedtime Sing & Sign is a user-friendly guide featuring over 200 signs with photos, instructions, and activities. An all-new 12-song CD with upbeat music followed by calm lullabies teaches and reinforces key signs.

Margaret Wise Brown's Experimental Art Julia Pond, 2024-09-25 In this study, the engaging art created by children's author Margaret Wise Brown receives the critical attention it deserves as a lasting contribution to American children's literature. Through analysis of her dozens of titles published during the height of Western Modernism, this scholarly text shares Brown's importance and impact from the perspective of Brown's work rather than biographically. Moving beyond such popular titles as *Goodnight Moon* and *The Runaway Bunny* into deeper cuts reveals how Brown's oeuvre bridges multiple disciplines, including writing, visual art, philosophy, and music. Her projects successfully experiment with artistic collaboration and synesthesia as a natural expression for a child readership while both contributing to and reflecting high Modernism amidst the two World Wars. The quality of Brown's writing and the maturity of her themes reveal respect for her child audience and recommend her work to the generations of readers who followed her early death. As this book demonstrates, Margaret Wise Brown remains one of the

truly great authors of children s literature
