George Bancroft, 2023-09-28 Reprint of the original first published in 1874 Gordon Bennett and the First Yacht Race Across the Atlantic Sam Jefferson, 2016-02-25 The 1866 transatlantic yacht race was a match that saw three yachts battle their way across the Atlantic in the dead of winter in pursuit of a 90 000 prize Six men died in the brutal and close fought contest and the event changed the perception of yachting from a slightly effete gentlemen s pursuit into something altogether more rugged and adventurous The race also symbolized the beginning of America s gilded age with its associated obscene wealth and largesse the 90 000 prize put up by the three contestants is about 15 million in today s money as well as the thawing of relations between the US and UK The narrative focuses on the victorious yacht Henrietta and her owner James Gordon Bennett Bennett was the son of the multimillionaire proprietor of the New York Herald and a notorious playboy His infamous stunts included driving his carriage through the streets of New York naked tipping a railway porter 30 000 and turning up at his own engagement party blind drunk and mistaking the fire for a urinal which led to the coining of the phrase Gordon Bennett However Bennett was also a serious yachtsman and had served with distinction during the civil war aboard Henrietta and he was the only owner to be aboard his own boat during the race Other characters include Bennett s captain Samuel Samuels legendary clipper skipper ex convict and occasional vaudeville actor financier Leonard Jerome aboard Henrietta as race invigilator he also happened to be grandfather to Winston Churchill and Stephen Fisk a journalist so desperate to cover the race that he evaded a summons to appear as a witness in court and instead smuggled himself aboard Henrietta in a crate of champagne Using the framework of the race to discuss the various historical themes there s ample drama and the diverse and eccentric range of characters ensure that this is a book laced with plenty of human interest scandal and adventure **Showdown in the Pacific War** Ronald E. Martell, 2015-03-06 Showdown in the Pacific War Nimitz and Yamamoto This unique book combines a carefully researched history with an easy to read analysis of the war in a fictional meeting between staff officers close to Admirals Chester Nimitz and Isoroku Yamamoto They trace the events leading to the Pacific War and the heroic struggles following the attack on Pearl Harbor to the eclipse of the Japanese war machine at Coral Sea Midway Guadalcanal and beyond Showdown reveals Yamamotos opposition to Japans waging a war it could not win along with his planning of her early successes and Admiral Nimitzs patient and careful reversal of the Empires offensives Showdown presents an even handed view of the nations that waged combat in the early stages of history s most famous naval war Ron Martell has given us a new and very interesting look at World War II in the Pacific Instead of simply retelling history he puts the reader in a fictitious yet plausible latter day conference between two of the conflicts high ranking adversaries key staff officers of the American and Japanese navies Its a genuine page turner for any fan of World War II history Ronald Russell author of No Right to Win A Continuing Dialogue with Veterans of the Battle of Midway Showdown in the Pacific is a thoroughly enjoyable read If someone asks me for a single book to read on how the Pacific War started and then was fought for the first 18 months I will heartily recommend this one Thom Walla Editor and Host of The Battle of

Midway RoundTable **The Ashgate Research Companion to Modern Imperial Histories** John Marriott, 2016-03-23
 Written by leading scholars this collection provides a comprehensive and authoritative overview of modern empires Spanning the era of modern imperial history from the early sixteenth century to the present it challenges both the rather insular focuses on specific experiences and gives due attention to imperial formations outside the West including the Russian Japanese Mughal Ottoman and Chinese The companion is divided into three broad sections Part I Times surveys the three main eras of modern imperialism The first was that dominated by the settlement impulse with migrants many voluntarily and many more by force making new lives in the colonies This impulse gave way most especially in the nineteenth century to a period of busy and rapid expansion which was less likely to promote new settlement and in which colonists more frequently saw their sojourn in colonial lands as temporary and related to the business mostly of governance and trade Lastly in the twentieth century in particular empires began to fail and to fall Part II Spaces studies the principal imperial formations of the modern world Each chapter charts the experience of a specific empire while at the same time placing it within the complex patterns of wider imperial constellations The individual chapters thus survey the broad dynamics of change within the empires themselves and their relationships with other imperial formations and reflect critically on the ways in which these topics have been approached in the literature In Part III Themes scholars think critically about some of the key features of imperial expansion and decline These chapters are brief and many are provocative They reflect the current state of the field and suggest new lines of inquiry which may follow from more comparative perspectives on empire The broad range of themes captures the vitality and diversity of contemporary scholarship on questions of empire and colonialism encompassing political economic and cultural processes central to the formation and maintenance of empires as well as institutions ideologies and social categories that shaped the lives both of those implementing and those experiencing the force of empire In these pages the reader will find the slave and the criminal the merchant and the maid the scientist and the artist alongside the structures which sustained their lives and their livelihoods Overall the companion emphasises the diversity of imperial experience and process Comprehensive in its scope it draws attention to the particularities of individual empires rather than over generalising as if all empires at all times and in all places behaved in a similar manner It is this contingent and historical specificity that enables us to explore in expansive ways precisely what constituted the modern empire **National Union Catalog** ,1968 Includes entries for maps and atlases *Peninsula of Lies* Edward Ball, 2010-06-15 Peninsula of Lies is a nonfiction mystery set in haunting locales and peopled with fascinating characters that unwraps the enigma of a woman named Dawn Langley Simmons a British writer who lived in Charleston South Carolina during the 1960s and became the focus of one of the most unusual sexual scandals of the last century Born in England sometime before World War II Dawn Langley Simmons began life as a boy named Gordon Langley Hall Gordon was the son of servants at Sissinghurst Castle the estate of Vita Sackville West where as a child he met Vita s lover Virginia Woolf In his twenties Gordon made his way to New
