Chester Himes James Sallis, 2022-03-08 A smart conscientious often stylish biography of the great African American crime writer of the mid twentieth century The New York Times Best known for *The Harlem Cycle* the series of crime stories featuring Coffin Ed Johnson and Grave Digger Jones Chester Himes was a novelist and memoirist whose work was neglected

and underappreciated in his native America during the 1950s and 60s even as he was awarded France's most prestigious crime fiction prize. In this major biography literary critic and fellow writer James Sallis examines the life of this fascinating figure combining interviews of those who knew Himes best including his second wife with insightful and poignant writing. Publishers Weekly Himes wrote some of the 20th century's most memorable crime fiction and has been compared to Jim Thompson Raymond Chandler and Dashiell Hammett. His life was just as spectacular as his novels. Sentenced to 25 years in prison for armed robbery when he was 19 he turned to writing while behind bars and when released after serving eight years published two novels. Their poor reception by the white establishment only confirmed Himes's beliefs about racism in America. He eventually moved to Paris spending most of the rest of his life abroad. While in Paris he began to produce the crime fiction that would make him famous including *A Rage in Harlem* and *Cotton Comes to Harlem*. a riveting biography. Library Journal starred review. Satisfying thoughtful long overdue Publishers Weekly As intelligent and as much fun to read as a book by Himes himself. There is no higher praise. The Times London

Political Initiation in the Novels of Philip Roth Claudia Franziska Bruhwiler, 2013-04-25 Political Initiation in the Novels of Philip Roth exemplifies how literature and specifically the work of Philip Roth can help readers understand the ways in which individuals develop their political identity learn to comprehend political ideas and define their role in society. Combining political science literary theory and anthropology the book describes an individual's political coming of age as a political initiation story which is crafted as much by the individual himself as by the circumstances influencing him such as political events or the political attitude of the parents. Philip Roth's characters constantly re write their own stories and experiment with their identities. Accordingly Philip Roth's works enable the reader to explore for instance how individuals construct their identity against the backdrop of political transformations or contested territories and thereby become initiands or fail to do so. Contrary to what one might expect initiations are not only defining moments in childhood and early adulthood instead Roth shows how initiation processes recur throughout an individual's life
