History P2 Memo September 2014:

Professional Journal of the United States Army ,2017-03 *Military Review* ,2017 From Sit-Ins to #revolutions
Olivia Guntarik,Victoria Grieve-Williams,2020-01-23 From Sit Ins to revolutions examines the evolution and growth of digital activism while at once outlining how scholars theorize and conceptualize the field through new methodologies As it closely examines the role that social and digital media play in enabling protests this volume probes the interplay between historical and contemporary protests emancipation and empowerment and online and offline protest activities Drawn from academic and activist communities the contributors look beyond often studied mass action events in the USA UK and Australia to also incorporate perspectives from overlooked regions such as Aboriginal Australia Thailand Mexico India Jamaica and Black America From illustrating the allure of political action to a closer look at how digital activists use new technologies to push toward reform From Sit Ins to revolutions promises to shed new light on key questions within activism from campaign organization and leadership to messaging and direct action Designing Mobility and Transport Services Mike Tovey,Andree Woodcock,Jane Osmond,2016-11-10 European cities increasingly face problems caused by transport and traffic For many people transport provision is unsatisfactory and current arrangements are leading to a deteriorating environment A fundamental problem is that our currently fragmented approach makes it difficult to understand fully the circumstances and needs of transport users In any overall approach public transport is a crucial component Designing Mobility and Transport Services shows how these issues can be addressed and resolved The development of an inclusive validated passenger experience measurement instrument is the first step in understanding the situation and thus tackling it It is needed if we are to create high quality user centred integrated accessible public transport services which are capable of attracting and retaining public transport users whilst meeting sustainability targets The METPEX research project was devised to tackle these issues Coordinated by Coventry University the METPEX consortium brought together 16 European partners from 12 countries The project s underlying rationale was the proposition that if transport operators and authorities were provided with a robust reliable and tailorable means of measuring the whole multimodal passenger journey they could improve service provision The book describes how such an improvement can be achieved to attract travellers out of their private vehicles thereby reducing congestion and pollution and increasing health and well being It provides a template for a creative approach and a meta design narrative in designing for transport systems to enhance mobility choices by improving the door to door journey and thus underpin sustainable transport initiatives Chinese and Global Financial Integration through Stock Connect Flora Huang,2023-10-19 This significant and timely book explores a novel market mechanism Stock Connect which gives mutual market access to Chinese and international investors and provides original analyses and fresh insights This mechanism could become the new normal in future global financial integration By examining this cross border scheme from a regulatory perspective via a three tiered analytical framework investors issuers and regulators this book unearths the

profound implications of Stock Connect to local and global financial markets and the legal impediments to its implementation It covers a broad range of topics in this cross boundary investment channel including an overview of four existing connectivity arrangements Shanghai Hong Kong Shenzhen Hong Kong Shanghai London and China Switzerland the uniqueness of these connectivity arrangements investor protection regulations of connect issuers regulatory cooperation and enforcement the impacts on local and global financial markets the implications for the world market connectivity as well as the challenges and future of Stock Connect This pioneering study will appeal to a broad range of readers who are interested in the on going reshaping of international financial systems and China s emerging influence in the international financial order

Green, Closed Loop, Circular Bio-Economy Charisios Achillas, Dionysis Bochtis, 2021-03-04 In recent years bioeconomy strategies have been implemented and adapted internationally In the bioeconomy materials are to a certain extent circular by nature However biomaterials may also be used in a rather linear way Lately a transition towards a circular economy a more restorative and regenerative economic model is being promoted worldwide A circular economy offers an alternative model aiming at doing more and better with less It is based on the idea that circulating matter and energy will diminish the need for new input Its concept lies in maintaining the value of products materials and resources for as long as possible and at the same time minimizing or even eliminating the amount of waste produced Focused on closing the loops a circular economy is a practical solution for promoting entrepreneurial sustainability economic growth environmental resilience and a better quality of life for all The most efficient way to close resource loops is to find value in the waste Different modes of resource circulation may be applied e g raw materials by products human resources logistics services waste energy or water To that end this Special Issue seeks to contribute to the circular bioeconomy agenda through enhanced scientific and multidisciplinary knowledge to boost the performance efficiency of circular business models and support decision making within the specific field The Special Issue includes innovative technical developments reviews and case studies all of which are relevant to green closed loop circular bioeconomy

HIV Survivors in Sydney Cheryl Ware, 2019-04-12 Inner city Sydney was the epicenter of gay life in the Southern hemisphere in the 1970s and early 1980s Gay men moved from across Australasia to find liberation in the city s vibrant community networks and when HIV and AIDS devastated those networks they grieved suffered and survived in ways that have often been left out of the historical record This book excavates the intimate lives and memories of HIV positive gay men in Sydney focusing on the critical years between 1982 and 1996 when HIV went from being a terrifying unidentified disease to a chronic condition that could be managed with antiretroviral medication Using oral histories and archival research Cheryl Ware offers a sensitive moving exploration of how HIV positive gay men navigated issues around disclosure health sex grief death and survival HIV Survivors in Sydney reveals how gay men dealt with the virus both within and outside of support networks and how they remember these experiences nearly three decades later

Manti-LaSal National Forest (N.F.), Fishlake National

Forest (N.F.), Greens Hollow Coal Lease Tract, Sanpete and Sevier Counties ,2011 **Substance Abuse** David E. Newton,2017-04-24 This go to resource on substance abuse supplies the broad background knowledge and historical information needed to understand this important sociological issue and provides readers with a range of additional sources for continuing their study of the topic From the pharmaceuticals advertised on television for various specific medical conditions to alcohol which is consumed regularly as a societal norm to illicit drugs such as cocaine heroin and methamphetamine to marijuana which is becoming legal in an increasing number of U S states drugs are all around us and are ingrained in our culture The difficult reality is that any drug is a substance that can be abused Substance Abuse A Reference Handbook provides a detailed discussion of the history of substance abuse covers the classification of drugs explains how drugs work in the body includes a general survey of both legal and illegal drugs and describes the methods of substance abuse prevention and treatment Readers receive a comprehensive introduction to the broad topic of substance abuse and a variety of additional resources with which to conduct extensive research In addition to describing the nature of licit and illicit drugs the beneficial and harmful effects drugs can have on the human body and factors that may lead to abuse and or substance abuse this book covers subtopics such as drug testing in a variety of settings including the workplace and sports drug control mechanisms and the debates relating to the legalization of drugs such as medical and recreational marijuana The book also offers primary source resources that enable readers to directly examine the text of documents such as significant laws and court cases dealing with aspects of substance abuse alcohol prohibition amendments the Controlled Substances Act of 1970 a series of memoranda from the U S Department of Justice regarding the prosecution of marijuana cases and state doctor shopping laws **Monsters to Destroy** Navin A. Bapat,2019 Terrorism kills far fewer Americans annually than automobile accidents firearms or even lightning strikes Given this minimal risk why does the U S continue expending lives and treasure to fight the global war on terror In Monsters to Destroy Navin A Bapat argues that the war on terror provides the U S a cover for its efforts to expand and preserve American control over global energy markets To gain dominance over these markets the U S offered protection to states critical in the extraction sale and transportation of energy from their terrorist internal and external enemies However since the U S was willing to protect these states in perpetuity the leaders of these regimes had no incentive to disarm their terrorists This inaction allowed terrorists to transition into more powerful and virulent insurgencies leading the protected states to chart their own courses and ultimately break with U S foreign policy objectives Bapat provides a sweeping look at how the loss of influence over these states has accelerated the decline of U S economic and military power locking it into a permanent war for its own economic security **Scientific and Technical Aerospace Reports** ,1970 Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database **The Great Barrier Reef** Ben Daley,2014-07-17 The Great Barrier Reef is located along the coast of

Queensland in north east Australia and is the world s largest coral reef ecosystem Designated a World Heritage Area it has been subject to increasing pressures from tourism fishing pollution and climate change and is now protected as a marine park This book provides an original account of the environmental history of the Great Barrier Reef based on extensive archival and oral history research It documents and explains the main human impacts on the Great Barrier Reef since European settlement in the region focusing particularly on the century from 1860 to 1960 which has not previously been fully documented yet which was a period of unprecedented exploitation of the ecosystem and its resources The book describes the main changes in coral reefs islands and marine wildlife that resulted from those impacts In more recent decades human impacts on the Great Barrier Reef have spread accelerated and intensified with implications for current management and conservation practices There is now better scientific understanding of the threats faced by the ecosystem Yet these modern challenges occur against a background of historical levels of exploitation that is little known and that has reduced the ecosystem s resilience The author provides a compelling narrative of how one of the world s most iconic and vulnerable ecosystems has been exploited and degraded but also how some early conservation practices emerged
