TRON Project 1989 Ken Sakamura,2012-12-06 It is almost six years since the inauguration of the TRON project a concept first proposed by Dr K Sakamura of the University of Tokyo and it is almost 2 years since the foundation of the TRON Association on March 1988 The number of regular member companies registered in the TRON Association as of November 1988 is 145 which is a new record for the Association Some of this year's major activities that I would particularly like to mention are Over 50 TRON project related products have been or are about to be introduced to the marketplace according to a preliminary report from the Future Study Committee of the TRON Association In particular I am happy to say that the ITRON subproject which is ahead of the other subprojects has progressed so far that several papers on ITRON applications will be presented at this conference which means that the ITRON specifications are now ready for application to embedded commercial and industrial products

The History of the GPU - Steps to Invention Jon Peddie,2023-01-01 This is the first book in a three part series that traces the development of the GPU Initially developed for games the GPU can now be found in cars supercomputers watches game consoles and more GPU concepts go back to the 1970s when computer graphics was developed for computer aided design of automobiles and airplanes Early computer graphics systems were adopted by the film industry and simulators for airplanes and high energy physics exploding nuclear bombs in computers instead of the atmosphere A GPU has an integrated transform and lighting engine but these were not available until the end of the 1990s Heroic and historic companies expanded the development and capabilities of the graphics controller in pursuit of the ultimate device a fully integrated self contained GPU Fifteen companies worked on building the first fully integrated GPU some succeeded in the console and Northbridge segments and Nvidia was the first to offer a fully integrated GPU for the PC Today the GPU can be found in every platform that involves a computer and a user interface
