Robert Barkan,2001-05-01 This collection of over 400 biographies of eminent ethnic Americans celebrates a wide array of
inspiring individuals and their contributions to U S history The stories of these 400 eminent ethnic Americans are a testimony
to the enduring power of the American dream These men and women from 90 different ethnic groups certainly faced unequal
access to opportunities Yet they all became renowned artists writers political and religious leaders scientists and athletes
Kahlil Gibran Daniel Inouye Zbigniew Brzezinski Thurgood Marshall Madeleine Albright and many others are living proof
that the land of opportunity sometimes lives up to its name Alongside these success stories as historian Elliot R Barkan notes
in his introduction to this volume there have been many failures and many immigrants who did not stay in the United States
Nevertheless the stories of these trailblazers visionaries and champions portray the breadth of possibilities from organizing a
nascent community to winning the Nobel prize They also provide irrefutable evidence that no single generation and no single
cultural heritage can claim credit for what America is Dictionary Catalog of the Research Libraries of the New York
