The Sleep Revolution Arianna Huffington, 2017-04-04 Co founder and editor in chief of The Huffington Post Arianna Huffington shows how our cultural dismissal of sleep as time wasted compromises our health and our decision making and undermines our work lives our personal lives and even our sex lives in this New York Times bestseller We are in the midst of a sleep deprivation crisis with profound consequences to our health our job performance our relationships and our happiness What we need is nothing short of a sleep revolution only by renewing our relationship with sleep can we take back control of our lives In *The Sleep Revolution* Arianna explores all the latest science on what exactly is going on while we sleep and dream She takes on the sleeping pill industry and all the ways our addiction to technology disrupts our sleep She also offers a range of recommendations and tips from leading scientists on how we can get better and more restorative sleep and harness its incredible power The result is a sweeping scientifically rigorous and deeply personal exploration of sleep from all angles from the history of sleep to the role of dreams in our lives to the consequences of sleep deprivation and the new golden age of sleep science that reveals the vital role sleep plays in our every waking moment and every aspect of our health from weight gain diabetes and heart disease to cancer and Alzheimer's In today's fast paced always connected perpetually harried and sleep deprived world our need for a good night's sleep is more important and elusive than ever *The Sleep Revolution* both sounds the alarm on our worldwide sleep crisis and provides a detailed road map to the great sleep awakening that can help transform our lives our communities and our world *The Ethics of War and Peace Revisited* Daniel R.

Brunstetter, Jean-Vincent Holeindre, 2018-01-10 How do we frame decisions to use or abstain from military force Who should do the killing Do we need new paradigms to guide the use of force And what does victory mean in contemporary conflict In many ways these are timeless questions But they should be revisited in light of changing circumstances in the twenty first century The post Cold War post 9 11 world is one of contested and fragmented sovereignty contested because the norm of territorial integrity has shed some of its absolute nature fragmented because some states do not control all of their territory and cannot defeat violent groups operating within their borders Humanitarian intervention preventive war and just war are all framing mechanisms aimed at convincing domestic and international audiences to go to war or not as well as to decide

who is justified in legally and ethically killing The international group of scholars assembled in this book critically examine these frameworks to ask if they are flawed and if so how they can be improved Finally the volume contemplates what all the killing and dying is for if victory ultimately proves elusive People Are Animals Too Shona Kowtecky,2024-05-14 Discover a fresh perspective by stepping into another s paws Chase what you want Advocate for your needs Set boundaries and goals Learn to let go Take care of yourself This can be good advice but what if you don t know what you want Or need What boundaries are worth setting for you Or how to decide what to let go of and what to hold on to What if focusing on yourself seems uncomfortable selfish unnecessary or a bit too fluffy As a veterinarian Dr Shona Kowtecky has spent almost 20 years learning about paying attention to advocating for and taking care of thousands of animals while simultaneously watching thousands of people struggle to do the same for themselves Whether or not you are a pet parent or animal lover self awareness is a key starting point for optimal health and a good quality of life yet it s often overlooked oversimplified or too ambiguous to be practical People Are Animals Too provides a structured and creative approach to encourage self examination compassion and curiosity through insightful questions and humorous anecdotes centered around the question What if we cared for ourselves the way we care for the animals we love Or better yet what if we simply remembered that people are animals too Real Essays Interactive Susan Anker,2015-01-13 Real Essays Interactive Update Edition offers practical coverage of paragraph to essay writing skills in a brief interactive and affordable format The print component offers the essentials of Anker s accessible writing instruction along with select exercises Your Time to Thrive Marina Khidekel,2021-03-23 This revolutionary guide to real change introduces microsteps tiny science backed changes that will help you get your life back on track Live the life you want not the life you settle for Helping people build healthy new habits that improve their lives is more important than ever Arianna Huffington launched Thrive Global to do just that Thrive s specific mission is to end the epidemic of stress and burnout and help individuals and companies unlock their greatest potential Science continues to show that we don t have to sacrifice our well being in order to succeed in fact it turns out that well being is critical to peak performance Learning to thrive means Moving from awareness to action from knowing what to do to actually doing it Embracing solutions that appeal to wisdom wonder intuition reflection and are steeped in science Taking the time to rest and recover in order to fuel and maximize productivity both personal and professional Making the mindset shifts and habit changes that supercharge performance in ways that truly matter to us Eschewing trendy self care fixes or the latest health fads Your Time to Thrive is the revolutionary guide to living and working based on Microsteps tiny science backed changes By making them too small to fail we can incorporate them into our daily lives right away and begin building healthier ways of living and working This book is a Microstep bible With chapters dedicated to sleep nutrition movement focus and prioritization communication and relationships unplugging and recharging creativity and inspiration and purpose meaning Your Time to Thrive shares practical usable research supported mini habits that will yield huge

benefits and empower people to truly thrive in all parts of their lives **General Psychology** , The Psychology of School Climate, 2nd Edition Garry W. McGiboney, 2023-01-03 As educators psychologists child advocates researchers and others that support education for all students will find a positive school climate is the central element for students feeling connected and engaged at school which are necessary for positive student outcomes The Psychology of School Climate 2nd Edition is an essential compendium of school climate research from around the world With over 600 references the book is the most comprehensive study of school climate in print The book is based on a review description and application of research that focuses on identifying basic problems and the effects social determinants have on the lives and outcomes of students and school staff members At the end of each chapter there are summaries that highlight important points for discussion and additional research Most importantly the book offers the gateway to understanding the nexus of students and school climate and the importance of that bond *Study Guide for Psychology* Don H. Hockenbury, 2009-01-23 **Handbook for Teaching Introductory Psychology** Michelle Rae Hebl, Charles L. Brewer, Ludy T. Benjamin, Jr., 2001-08-01 Like its predecessors Volume III of the Handbook for Teaching Introductory Psychology provides introductory psychology instructors with teaching ideas and activities that can immediately be put into practice in the classroom It contains an organized collection of articles from Teaching of Psychology TOP the official journal of the Society for the Teaching of Psychology Division 2 of the American Psychological Association Volume III contains 89 articles from TOP that have not been included in other volumes Another distinction between this volume and its predecessors is its emphasis on testing and assessment The book is divided into two sections Section One Issues and Approaches in Teaching Introductory Psychology contains 52 articles on critical issues such as how to approach the course understanding students interests perceptions and motives students existing knowledge of psychology including their misconceptions a comparison of introductory textbooks and tips on how to evaluate them test questions and student factors affecting exam performance an overview of different forms of feedback giving extra credit and how to deal with academic dishonesty Section Two consists of 37 articles that present demonstrations class and laboratory projects and other techniques to enhance teaching and learning in both the introductory as well as advanced courses in the discipline This section is organized so as to parallel the order of topics found in most introductory psychology textbooks Intended for academicians who teach the introductory psychology course and or oversee grad assistants who teach the course all royalties of the book go directly to the Society for the Teaching of Psychology to promote its activities to further improve the teaching of psychology **Black Film Through a Psychodynamic Lens** Katherine Marshall Woods, 2024-11-13 Black Film Through a Psychodynamic Lens delves into the nuanced character development and narrative themes within the struggles and successes presented in Black films over the last five decades In this pioneering book Katherine Marshall Woods looks at Black cinema from a psychological and psychoanalytic perspective Focusing on a decade at a time she charts the development of representation and creative output from the 1980s to the

present day She deftly moves from analyzing depictions of poverty and triumphs to highlighting the importance of cinema in shaping cultural identity while considering racial prejudice and discrimination Adopting theoretical viewpoints from Freud to bell hooks Marshall Woods examines the damaging effect on cultural psychology as a result of stereotypical racial tropes and expertly demonstrates the healing that can be found when one sees oneself represented in an honest light in popular art From *Do The Right Thing* *The Color Purple* and *Malcolm X* to contemporary classics like *12 Years a Slave* *Black Panther* and *American Fiction* this book is an essential read for those interested in the intersection between Psychology Psychoanalysis Film Theory and African American cultural identity *Theorizing Shadow Education and Academic Success in East Asia*

Young Chun Kim, Jung-Hoon Jung, 2021-07-12 This volume tackles perceived myths surrounding the academic excellence of East Asian students and moves beyond Western understanding to offer in depth analysis of the crucial role that shadow education plays in students academic success Featuring a broad range of contributions from countries including Japan China Taiwan and Singapore chapters draw on rich qualitative research to place in the foreground the lived experiences of students teachers and parents in East Asian countries In doing so the text provides indigenous insights into the uses values and meanings of shadow education and highlights unknown cultural and regional aspects as well as related phenomena including trans boundary learning culture nomadic learning individualized learning and the post schooling era Ultimately challenging the previously dominating Western perspective on shadow education the volume offers innovative theorization to highlight shadow education as a phenomenon which cannot be overlooked in broader discussion of East Asian educational performance systems and policy Offering pioneering insights into the growing phenomenon of shadow education this text will benefit researchers academics and educators with an interest in international and comparative education curriculum studies and East Asian educational practices and policy Those interested in the sociology of education and educational policy will also benefit from this book **Coast Telecourse Guide for Psychology** Don H. Hockenbury, Sandra E.

Hockenbury, 2009-05-08 **Africa's Radicalisms and Conservatisms** , 2021-01-11 With Africa as its point of reference and departure this volume examines why and how the two concepts radicalisms and conservatisms should not be taken as mere binaries around which to organize knowledge It demonstrates that these concepts have multiple and diverse meanings as perceived and understood from different disciplinary vantage points hence the deliberate pluralization of the terms The essays show what happens when one juxtaposes the two concepts and how they are easily intertwined when different peoples lived experiences of poverty political and social alienation education intolerance youth activism social in justice violence etc across the length and breadth of Africa are brought to bear on our understandings of these two particularisms Contributors are Adekunle Victor Owoyomi Adeshina Francis Akindutire Adewale O Owoseni Bright Nkrumah Clement Chipenda Ebenezer Babajide Ishola Edwin Etieyibo Israel Oberedjemurho Ugoma Jonah Uyieh Jonathan O Chimakonam Madina Tlostanova Maduka Enyimba Muchaparara Musemwa Odirin Omiegbe Obvious Katsaura Olufunke Olufunsho Adegoke Peter Kwaja Philip

McGiboney, 2016-06-22 Many people have become impatient with school reform and school improvement efforts that fail to include school climate The importance of a positive school climate is emerging in current research not only as an essential component of school reform and school improvement but also as a necessary framework for maintaining excellent schools and providing healthy and safe schools for all students Research strongly suggests that educators and policy makers have a lot to learn about the importance of school climate for school safety and academic success With the growing body of research regarding school climate it is important to study the research and understand how the psychology of school climate and how the elements of school climate can be viewed from a population based perspective as well as understanding the impact of school climate on individual students This review of school climate research includes hundreds of articles and research papers of different perspectives from around the world in numerous cultures School climate is becoming a science of education and psychology that must be studied further in order to understand the dynamic nature of learning environments to identify elements that support or threaten the learning environment and to learn how to improve the conditions for learning in all schools *Neuroanatomy Draw It to Know It* Second Edition teaches neuroanatomy in a purely kinesthetic way In using this book the reader draws each neuroanatomical pathway and structure and in the process creates memorable and reproducible schematics for the various learning points in Neuroanatomy in a hands on enjoyable and highly effective manner In addition to this unique method Neuroanatomy Draw it to Know It also provides a remarkable repository of reference materials including numerous anatomic and radiographic brain images muscle testing photographs and illustrations from many other classic texts which enhance the learning experience

Neuroanatomy Adam J. Fisch, 2017-08-11 *Neuroanatomy Draw It to Know It* Third Edition teaches neuroanatomy in a purely kinesthetic way In using this book the reader draws each neuroanatomical pathway and structure and in the process creates memorable and reproducible schematics for the various learning points in Neuroanatomy in a hands on enjoyable and

highly effective manner In addition to this unique method Neuroanatomy Draw It to Know It also provides a remarkable repository of reference materials including numerous anatomic and radiographic brain images and illustrations from many other classic texts to enhance the learning experience In the third edition of this now classic text the author completely reorganized the book based on user feedback taking a more intuitive and easy to use approach For the first time the illustrations are in full color No other text in neuroanatomy engages the reader in as direct a manner as this book and none covers the advanced level of detail found while retaining the simplistic approach to the learning which has become the cornerstone of the text Neuroanatomy Draw It to Know It is singular in its ability to engage and instruct without overwhelming any level of neuroanatomy student
