Kurth,1983      *Bahá'í Ethics in Light of Scripture: Virtues and divine commandments* Udo Schaefer,2007 There is a fundamental discrepancy between man as he is and man as he could be if only he recognized his true being and purpose Ethics is the discipline by which man can understand how he can pass from the first condition to the second Udo Schaefer s *Baha i Ethics in Light of Scripture* is an attempt to analyse the underlying structures and detect the interior architecture of the Baha i moral system and is a step towards developing a Baha i moral theology Doctrinal Fundamentals the first of two volumes provides a historical overview of the Baha i Faith a systematic survey of it doctrines and an overview of the origin and derivation of moral values It considers the metaphysical nature of human beings and human responsibilities looks at reason and conscience and explores liberty and its limits Schaefer s second volume deals with concrete values the virtues divine commandments and principles of social ethics from a Baha i perspective      Modern German Midwifery, 1885-1960 Lynne Fallwell,2015-10-06 Between the late 18th and the early 20th century the industrialized world experienced a transition in birth practices While in many countries this led to a separation of midwifery from modern medicine in Germany new standards of health care were embraced Fallwell s study explores this transition and sets it in its wider historical context      3TH1CS Philipp Otto,Eike Gräf,2017-10-25 Should we ban war robots or are they something we might want What can computer games tell us about our morals Is it OK to love a robot What is ethical design in the digital world How do we need to regulate the algorithms that impact our lives The digital transition puts our ideas about morality to the test presenting us with new questions in all areas of life politics economy social life communication entertainment In twenty contributions experts from Europe America and Asia rise to the challenge of finding answers to some of the new issues confronting us The authors offer new perspectives on topics like robots for eldercare autonomous vehicles personal drones or data ethics They present their ideas on how we as a society can deal with the digital challenges to our ethics and values Their contributions provide insights into highly topical reflections on what is morally right in our digital era Above all they are an invitation to think and to join the discussion      **Gendering Modern German History** Karen Hagemann,Jean H. Quataert,2008-08 To provide a critical overview in a comparative German American perspective is the main aim of this volume which brings together experts from both sides of the Atlantic Through case studies it demonstrates the extraordinary power of the gender perspective to challenge existing interpretations and rewrite mainstream arguments      **Arthur Schopenhauer: The World as Will and Presentation** Arthur Schopenhauer,2016-05-23 Part of the Longman Library of Primary Sources in Philosophy this first volume of Schopenhauer s *The World as Will and Presentation* is framed by a pedagogical structure designed to make this important work of philosophy more accessible and meaningful for undergraduates      **Eclectic Magazine, and Monthly Edition of the Living Age** John Holmes Agnew,Walter Hilliard Bidwell,1889      Jean Rhys at "World's End" Mary Lou Emery,2014-01-30 *The Caribbean*

Islands have long been an uneasy meeting place among indigenous peoples white European colonists and black slave populations Tense oppositions in Caribbean culture colonial vs native white vs black male conqueror vs female subject supply powerful themes and spark complex narrative experiments in the fiction of Dominica born novelist Jean Rhys In this pathfinding study Mary Lou Emery focuses on Rhys s handling of these oppositions using a Caribbean cultural perspective to replace the mainly European aesthetic moral and psychological standards that have served to misread and sometimes devalue Rhys s writing Emery considers all five Rhys novels beginning with *Wide Sargasso Sea* as the most explicitly Caribbean in its setting in its participation in the culminating decades of a West Indian literary naissane and most importantly in its subversive transformation of European concepts of character From a sociocultural perspective she argues persuasively that the earlier novels *Voyage in the Dark* *Quartet* *After Leaving Mr Mackenzie* and *Good Morning Midnight* should be read as emergent Caribbean fiction written in tense dialogue with European modernism Building on this thesis she reveals how the apparent passivity masochism or silence of Rhys s female protagonists results from their doubly marginalized status as women and as subject peoples Also she explores how Rhys s women seek out alternative identities in dreamed of magically realized or chosen communities These discoveries offer important insights on literary modernism Caribbean fiction and the formation of female identity

**Sociology: Inquiries into the Construction of Social Forms** Georg Simmel, 2009-02-23 Georg Simmel s highly original take on the newly revived field of sociology succeeded in making the field far more sophisticated than it had been beforehand He took insights from dialectical thought and Kantian epistemology to develop a form sociology method that remains implicit in the field a century later Forms include such patterns of interaction as inequality secrecy membership in multiple groups organization size and coalition formation While today texts and professional societies are organized around contents rather than forms a fresh reading of Simmel s chapters on forms suggests original avenues of inquiry into each of the contents family business religion politics labor relations leisure

*The Truth Seeker*, 1918

Material Fantasies Milena Veenis, 2012 This study of East German fantasies of material abundance across the border both before and after the fall of communism shows the close and intricate relation between ideology and fantasy in upholding social life In 1989 news broadcasts all over the world were dominated for weeks by images of East Germans crossing the Berlin Wall to West Germany The images representing the fall of communism and the democratic will of the people also showed East Germans excitement at finally being able to enter the western consumer paradise But what exactly had they expected to find on the other side of the Wall Why did they shed tears of joy when for the first time in their lives they stepped inside West German shops And why were they prepared to pay more than 10 percent of their average monthly wage for a pineapple Drawing on fifteen months of research in the fast changing post communist East Germany Veenis unravels the perennial truths about the interrelationships of fantasies of material wealth personal fulfillment and

social cohesion She argues persuasively that the far fetched socialist and capitalist promises of consumption as the road to ultimate well being the partial realization and partial corruption thereof the implicit social and psychological interests underlying the politicized promises in both countries form the breeding ground for the development of materialist cargo cult like fantasies in which material well being came to be seen as the place of fulfillment and ultimate arrival Publisher s website

**Multilingualism and the Twentieth-Century Novel** James Reay Williams,2019-04-17 This book argues that the Anglophone novel in the twentieth century is in fact always multilingual Rooting its analysis in modern Europe and the Caribbean it recognises that monolingualism not multilingualism is a historical and global rarity and argues that this fact must inform our study of the novel even when it remains notionally Anglophone Drawing principally upon four authors Joseph Conrad Jean Rhys Wilson Harris and Junot D az this study argues that a close engagement with the novel reveals a series of ways to apprehend depict and theorise various kinds of language diversity In so doing it reveals the presence of the multilingual as a powerful shaping force for the direction of the novel from 1900 to the present day which cuts across and complicates current understandings of modernist postcolonial and global literatures **The Quarterly Review** William Gifford,Sir John Taylor Coleridge,John Gibson Lockhart,Whitwell Elwin,William Macpherson,William Smith,John Murray,Rowland Edmund Prothero (Baron Ernle),George Walter Prothero,1914 *Shakespeare and the Emblem Writers* Henry Green,1870 **Shakespeare and the Emblem Writers: an exposition of their similarities of thought and expression. Preceded by a view of Emblem-Literature down to A.D. 1616 ... With ... illustrative devices from the original authors** Henry GREEN (M.A.),1870 *Shakespeare and the Emblem Writers, an Exposition of Their Similarities of Thought and Expression* Henry M.A. Green,1870 **Political Realism, Freud, and Human Nature in International Relations** R. Schuett,2010-05-24 This book provides an important reappraisal of the concept of human nature in contemporary realist international political theory Developing a Freudian philosophical anthropology for political realism he argues for the careful resurrection of the concept of human nature in the wider study of international relations **The Athenaeum** ,1884 *Explaining the Holocaust* Mordecai Schreiber,2015-04-16 Seventy years after it took place the Holocaust committed against the Jews of Europe during World War II continues to cast a giant shadow over humankind Man s inhumanity to man is not a thing of the past Genocidal action is still commonplace around the globe Has humankind learned the lessons of the past Is the human race doomed to live in a perpetual state of war and self destruction Explaining the Holocaust shows how given the right circumstances human beings can lose their humanity Does that mean that the ethical teachings of the major religions are wishful thinking This book tackles two questions that continue to be asked by people everywhere Why did a highly civilized nation like Germany in the middle of the twentieth century commit the most heinous crime in all of human history And if indeed there is a loving God who made a covenant with the people of Israel why were millions of innocent peaceful Jews dehumanized starved tortured and systematically murdered Explaining the Holocaust

sparing no one in discussing the enormity of the evil. But it also shows how the divine spark in human beings did not die during those years of darkness and why we still have a glimmer of hope.
