This manual documents the most recent v3.3 of WP 34S a free software you can use for converting an HP 20b or HP 30b financial calculator of Hewlett Packard into a full fledged fast and compact scientific instrument like you have never had before readily providing all the functions you always wanted and comfortably fitting into your shirt pocket. The function set of WP 34S is based on the famous HP 42S RPN Scientific the most powerful programmable RPN calculator industrially built so far. Additionally we put in the functions of the HP 16C the HP 32SII and the HP 21S. Furthermore we added numerous useful functions for mathematics statistics physics engineering programming I/O etc such as many statistical distributions and their inverses Euler's Beta and Riemann's Zeta functions Bernoulli and Fibonacci numbers Lambert's W the error function and the Chebyshev Hermite Laguerre and Legendre orthogonal polynomials forget heavy table books programmable sums and products first and second derivatives integer computing in fifteen bases from binary to hexadecimal bidirectional serial communication with your computer battery fail safe on board backup memory 88 conversions mainly from old Imperial to universal SI units and vice versa 50 fundamental physical constants plus a selection of important numbers from mathematics astronomy and surveying Greek and extended Latin letters plus mathematical symbols and a stopwatch based on a real time clock with hardware added. WP 34S is the first RPN calculator offering you a choice of two stack sizes traditional 4 stack levels for HP compatibility 8 levels for convenient calculations in complex domain advanced real calculus vector algebra in 4D or for whatever application you have in mind. WP 34S features up to 107 global registers 112 global flags up to 928 program steps in RAM up to 6014 program steps in flash memory a 30 byte alpha register 16 local flags as well as up to 144 local registers allowing for recursive programming and 4 user programmable hotkeys. Most of the memory layout is conveniently settable by you. This is the newest edition of the manual containing 404 pages. Compared to previous editions one section three chapters and numerous examples were added easing your path to the over 700 functions of your WP 34S. It also includes everything you want to know about flashing updating and tuning your WP 34S. This is the true and original WP 34S reference written by one of the two initiators of this project. Recommended for any serious science or engineering student as well as for professionals in these areas. WP 34S reached its present state growing on our love for Hewlett Packard's vintage Classics Woodstocks Spices Nuts Voyagers and Pioneers. WP 34S has proven success in real world applications being on the market since 2011. It has got a little brother the WP 31S described elsewhere.
