Between Land and Sea Christopher L. Pastore,2014-10-13 Christopher Pastore traces how Narragansett Bay s ecology shaped the contours of European habitation trade and resource use and how littoral settlers in turn over two centuries transformed a marshy fractal of water and earth into a clearly defined coastline which proved less able to absorb the blows of human initiative and natural variation

Energy Performance and Indoor Climate Analysis in Buildings Jarek Kurnitski,Andrea Ferrantelli,Martin Thalfeldt,2019-11-21 HVAC systems load shifting indoor climate and energy and ventilation performance analyses are the key topics when improving energy performance in new and renovated buildings This development has been boosted by the recently established nearly zero energy building requirements that will soon be in use in all EU Member States as well as similar long term zero energy building targets in Japan the US and other countries The research covered in this Special Issue provides evidence of how new technical solutions have worked in practice in new or renovated buildings and also discusses problems and how solutions should be further developed Another focus is on the more detailed calculation methods needed for the correct design and sizing of dedicated systems and for accurate quantification of energy savings Occupant behavior

and building operation is also examined in order to avoid common performance gaps between calculated and measured performance. These topics demonstrate the challenge of high performance buildings as in the end comfortable buildings with good indoor climate which are easy and cheap to operate and maintain are expected by end customers. Ventilation performance, heating and cooling sizing, energy predictions and optimization, load shifting and field studies are some of the key topics in this Special Issue contributing to the future of high performance buildings with reliable operation.

Proceedings CLIMA 2022 Laure Itard, Lada Hensen-Centnerová, Atze Boerstra, Philomena Bluysen, Jan Hensen, Tillmann Klein, Marcel Loomans, Pieter Pauwels, Christian Struck, Martin Tenpierik, Bob Geldermans, 2022-10-12. The 14th REHVA HVAC World Congress CLIMA2022 challenges advances in technologies for smart energy transition, digitization, circularity, health and well-being in buildings. How can we create circular buildings fully heated, cooled and powered by renewable energy? How can we design human-centered indoor environments while mastering life cycle costs? How can we also include their

integration into infrastructure for energy, health data and education. *A Practical Guide to Chronic Pain Management* David Walton, 2019-04-04. Chronic pain affects huge numbers of people; the WHO estimates that 37-41% of people across developed and developing countries suffer and the figure rises in countries like the UK where the population is ageing. From arthritis to migraine, back pain to diabetes, chronic pain is a huge problem for individuals, their families and carers, health providers and employers. David Walton, a clinical and cognitive psychologist who experiences chronic pain himself, guides readers through an understanding of the nature of pain, how the body and mind react to it, how to minimise pain and how to choose the right therapies, medication and relief strategies. Modern research is presented in an engaging and positive way alongside self-assessment questionnaires, case studies and practical do's and don'ts. Through an understanding of pain mechanisms and relief strategies, readers will be enabled to manage their symptoms better and regain some control over their daily lives.
