ASEAN has been one of the world's most dynamic and fastest growing regions over the years. Its average combined GDP growth rate is more than 6% and the total combined GDP was valued at US 3.0 trillion in 2018. Although a correlation exists between economic growth and poverty reduction, millions of people in ASEAN countries still do not have sufficient incomes to fulfill their basic needs including food, shelter, clothes, and sanitation. This book is a collection of working group papers contributed by members of Network of ASEAN-China Think tanks NACT and covers best practices on poverty alleviation in ASEAN member states as well as in China and ASEAN-China cooperation. It discusses experiences of ASEAN member states and China such as with regard to national policies, principles, definitions, approaches, progress, and challenges in poverty reduction. It reviews and evaluates the way forward including existing joint projects, opportunities, and challenges in the future cooperation and offers policy recommendations from both national and regional perspectives to help policymakers better cope with the daunting poverty challenges.
