Published in 1981, *The Great American Writers Cookbook* was a treasure trove of recipes submitted by the country's most celebrated authors. This all-new collection is a fine follow-up for a new era; features recipes that range from peanut butter sandwiches to eggplant caviar with dishes and anecdotes offered by writers of every imaginable stripe, ethnicity, region, and culture in America. Contemporary novelists such as National Book Award winners Jonathan Franzen and the late great Bernard Malamud share space with columnists Dave Barry, P. J. O'Rourke, and Christopher Buckley with journalists and novelists Andrei Codrescu, Anna Quindlen, and John Berendt, and with poet and novelist Sandra Cisneros. The interspersing of recipes from older and younger generations reveals cookery as creatively diverse as the writings from David Guterson, T. C. Boyle, Elizabeth McCracken, and former First Lady Barbara Bush. This unusually tangy assortment of more than 150 recipes runs the gamut from tofu to heart-clogging chili. Writers play fast and loose with ingredients and forewarn readers planning to try them that some of the most seductive recipes are loaded with cholesterol. With such temptations as Thighs of Delight, Crevettes, and a sexy spaghetti sauce and a lemon icebox pie that allegedly elicits proposals of marriage, the recipes and stories revealing their origins are enticing, bizarre, and promisingly tasty. The collection gives particular emphasis to contemporary southern writers: Padgett Powell, Jack Butler, Larry Brown, Ellen Gilchrist, and Josephine Humphreys, among others, although their recipes are often far from being quintessentially southern. Scintillating with writerly antics and witty histories as transfixing as the recipes themselves, *The New Great American Writers Cookbook* is not just for daring cooks. It's also a collector's item for food-doting lovers of American literature.

The Christ-Haunted Landscape Susan Ketchin, 2009-11-12. Here are Susan Ketchin's discerning interviews with twelve southerners living and writing in the South, and along with a piece of fiction by each are her penetrating commentaries about the impact of southern religious experience on their work. A little more than a generation ago, Flannery O'Connor made a startling observation about herself and her fellow southerners. By and large, she said, people in the South still conceive of humanity in theological terms. While the South is hardly Christ-centered, it is most certainly Christ-haunted. The southerner who isn't convinced of it is very much afraid that he may have been formed in the image and likeness of God. Guided by O'Connor's perceptive commentary about southerners in general, Susan Ketchin has created a deeply revealing collection that mirrors the pervasive role of religion in the literature by the recent generation of notable southern writers. Ketchin confirms that old-time religion remains a potent force in the literature of the contemporary South. **Appalachia Inside Out: Conflict and change** Robert J. Higgs, Ambrose N. Manning, Jim Wayne Miller, 1995. An anthology of Appalachia writings. **Contemporary American Fiction** Kenneth Millard, 2000-09-21. Contemporary American Fiction provides an introduction to American fiction since 1970. Offering substantial and detailed interpretations of more than thirty texts by thirty different writers, Millard combines them in an innovative critical structure designed to promote debates on cultural

politics and aesthetic value The book is the first of its kind to offer a wide ranging survey of recent developments in the fiction of the United States Recent novels by established writers such as John Updike and Philip Roth are analysed alongside the fiction of younger writers such as Gish Jen and Sherman Alexie The books innovative structure encourages new ways of thinking about how American writers might be configured in relation to each other while providing an analysis of how contemporary fiction has responded to changes in central areas of American life such as the family the media technology and consumerism Contemporary American Fiction is a substantial critical introduction to some of the most exciting fiction of the last thirty years an eclectic and thorough advertisement for the extraordinary vitality of American fiction at the end of the twentieth century This is an excellent introduction to the subject for undergraduate students of modern American literature

Preachers and Misfits, Prophets and Thieves G. Lee Ramsey, 2008-01-01 In this compelling book G Lee Ramsey Jr mines the riches of southern fiction and discovers a colorful assortment of ministers who arise out of the religious South At once mystical and mischievous these ministers haunt the margins of southern life while preaching a gospel that startles and compels But their oddness is also their appeal and part of their gift For through these colorful portraits of Christian ministry today s readers are challenged to think about what matters in ministry and to re imagine ministry in ways that bring new life to the church and community Throughout Ramsey shows how ministers such as Roger Hagan in Will Campbell s The Convention and Hazel Motes in Flannery O Connor s Wise Blood can help show us the stumbling blocks to faithful ministry and steer clergy and congregations forward in today s world
