### **Discovery**

Discovery Learning was introduced by Jerome Bruner, and is a method of Inquiry-Based instruction. This popular theory encourages learners to build on past experiences and knowledge, use their intuition, imagination and creativity, and search for new information to discover facts, correlations and new truths (Bruner, 1966)

What are examples of discovery learning activities:

- Researching information
- Manipulating objects

### **Transmission**

This is a teacher-centered approach in which the teacher is the dispenser of knowledge, the arbiter of truth, and the final evaluator of learning. A teacher's job from this perspective is to supply students with a designated body of knowledge in a predetermined order.

Examples

- Rewards for effort
- Setting high expectations

Process skills

Science process skills are described as the ability used by scientists used during their work, and the competencies displayed in solving scientific problems [2] Scientists work. By testing ideas with evidence through scientific methods and involving the efficient use of the SPSs. When learners interact with the world in a scientific way, they find themselves observing, questioning, hypothesizing, predicting, investigating, interpreting, and communicating. These are often called the "process skills" of science.

Tell Me the Dream Again Tasha Jun, 2023-05-09 This

mesmerizes Publishers Weekly starred review I've always felt unfit as a Korean but somehow too Korean everywhere else Tasha Jun has always been caught between worlds American and Korean faith and doubt family devotion and fierce independence As a Korean American she wandered between seemingly opposing worlds struggling to find a voice to speak and a firm place for her feet to land The world taught Tasha that her Korean normal was a barrier to belonging that assimilation was the only way she would ever be truly accepted But if that were true did that mean God had made a mistake in knitting her together Told with tender honesty and compelling prose Tell Me the Dream Again is a memoir in essays exploring what it means to be biracial in America today the joy and healing that comes with embracing every part of who we are and how our identity in Christ is tightly woven with the unique colors scents and culture he's given us We are not outsiders to God When we let all the details of ourselves unfold when we embrace who we were divinely knit together to be this is when we'll fully experience his perfect love
