

MISS LONELYHEARTS

by

NATHANAEL WEST

with a preface

by Alan Ross

Obviously, *Miss Lonelyhearts* tells the story of a reporter, who, detailed to write an agony column and answer daily the letters, desperate with human misery, addressed to his paper, finds the passions he has to offer turning sour in his hand. The letters are no longer funny. He finds it impossible to continue. His own frustration compels him to make any solution—Christ, Art, the redoubt life—appear futile. *Miss Lonelyhearts* is short and brilliantly authentic. The newspaper background, the alternation of self-pity, intellectual love-making, clinical disgust, and the hopeless efforts at a normal life are contrived and pointed with a superb poetic economy that charges the whole book with a hallucinatory fever and raises the story to the intimate level of a poem. Many things—the bankruptcy of West's first publisher, the imminence of war—contributed to prevent recognition by a wider public of his importance as a novelist. Perhaps to-day is the best time to make his debanking of the political and economic racket once more available to the world.

Strychacz, 1993-07-30 A study of four modernist writers and their relationship to their critics and era *The Writing of Nathanael West* Alistair Wisker, 1990-07-13 **The Sentimental Touch: The Language of Feeling in the Age of Managerialism** Aaron Ritzenberg, 2013 The Sentimental Touch explores the strange enduring power of sentimental language in the face of a rapidly changing culture Robert Ryan Franklin Jarlett, 1997-11-01 This first in depth Ryan work has two parts The biographical provides behind the scenes information and never before published interviews with Ryan s children The reference part contains a filmography 70 films plot lines themes technical aspects casts credits criticism and a listing of stage appearances television performances narrations guest appearances recordings and videocassettes Hitchcock's Rear Window John Fawell, 2004-11-22 In the process of providing the most extensive analysis of Alfred Hitchcock s Rear Window to date John Fawell also dismantles many myths and clichés about Hitchcock particularly in regard to his attitude toward women Although Rear Window masquerades quite successfully as a piece of light entertainment Fawell demonstrates just how complex the film really is It is a film in which Hitchcock the consummate virtuoso was in full command of his technique One of Hitchcock s favorite films Rear Window offered the ideal venue for the great director to fully use the tricks and ideas he acquired over his previous three decades of filmmaking Yet technique alone did not make this classic film great one of Hitchcock s most personal films Rear Window is characterized by great depth of feeling It offers glimpses of a sensibility at odds with the image Hitchcock created for himself that of the grand ghoul of cinema who mocks his audience with a slick and sadistic style Though Hitchcock is often labeled a misanthrope and misogynist Fawell finds evidence in Rear Window of a sympathy for the loneliness that leads to voyeurism and crime as well as an empathy for the film s women Fawell emphasizes a more feeling humane spirit than either Hitchcock s critics have granted him or Hitchcock himself admitted to and does so in a manner of interest to film scholars and general readers alike The Dark Landscape of Modern Fiction Patrick Reilly, 2018-05-08 This title was first published in 2003 This text explores the dark pessimistic truth that pervades the pages of modern texts setting a theme of Dante s Inferno against the work of modern authors including Dostoyevsky Hardy Conrad Wharton Kafka Camus

Waugh and Flannery O'Connor The author's thesis is that these writers exhibit a hostility towards the reader an anger that the reader should continue to be so deludedly happy when the writer has become so mortifyingly enlightened At its most characteristic Reilly demonstrates modern fiction seems to achieve a savage satisfaction in inflicting this pain to an extent that could be described as sadistic Reilly traces what he calls this punitive spirit to a character in the Inferno Vanni Fucci who suffering himself does his best to make Dante suffer too Through the study he uses the Inferno as a guide to the prevailing attitudes in modern fiction revealing a parallel between the prohibition of pity within the medieval poem and in the pages of modern texts

Fundamentals of Story Logic Therese Budniakiewicz, 1992 This book may be viewed not only as a post Proppian post Greimassian reconstruction and theoretical advance but also as a neo Proppian neo Greimassian remodelling of story logic leading to an integrated descriptive model which focuses by design on narrative semiotics as a branch of descriptive poetics The investigation and the revision of the actantial model and the narrative schema are made concrete through multiple small narratives from literary fiction specifically Nathanael West's *Miss Lonelyhearts* a parable of Pascal and a historical chronicle The modifications which Therese Budniakiewicz proposes are turned as it were backward towards a theoretical foundation that is both re found and re founded and what emerges is a methodology of textual analysis the scope of which extends to include hermeneutics and interpretation At the same time through the analysis the author makes of the contractual and communication events and the central position she gives to the Sender and Receiver the book is led to place emphasis on the social and interactional nature of discourse and thereby integrating the basics of narrative within the framework of law and society and justice By putting the theory in perspective while carefully analyzing its premises and by consolidating a broad spectrum of interdisciplinary concepts crucial to narrative *Fundamentals of Story Logic* will be welcomed by all students of fiction narratology and the classical Greimas

The Great Depression and the Culture of Abundance Rita Barnard, 1995-01-27 Examines the response of American leftist writers from the 1930s to the rise of mass culture and to the continued propagation of the values of consumerism during the Depression It traces in the work of Kenneth Fearing and Nathaniel West certain theoretical positions associated with the Frankfurt school especially Walter Benjamin and with contemporary theorists of postmodernism

The Grotesque Harold Bloom, Blake Hobby, 2009 Contains twenty critical essays that explore themes of the grotesque in various works such as Voltaire's *Candide* Shelley's *Frankenstein* Gogol's *The Overcoat* and Kafka's *The Metamorphosis*

The Oxford Encyclopedia of American Literature Jay Parini, 2004 The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present At the core of the Encyclopedia lie 250 essays on poets playwrights essayists and novelists Figures such as Whitman Melville Faulkner Frost and Morrison are discussed in detail with each examined in the context of his or her times an assessment of the writer's current reputation a bibliography of major works and a list of major critical and biographical works about the writer Fifty entries on major works such as *Moby*

Dick Song of Myself Walden The Great Gatsby The Waste Land Their Eyes Were Watching God Death of a Salesman and Beloved place the work in its historical context and offer a range of possibilities with regard to critical approach The Encyclopedia also contains essays on literary movements periods and themes pulling together a broad range of information and making connections between them Each entry has its own primary and annotated secondary bibliography and a system of cross references helps readers locate information with ease The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature libraries looking for one comprehensive source and readers interested in American literature its authors and its connection with various areas of study

Muse in the Machine Mark Conroy, 2004 A writer who simply panders to the public is seldom taken for an artist An artist who cannot publish is seldom granted a career This dilemma the subject of *Muse in the Machine* has been home to many authors of serious fiction since the eighteenth century But it is especially pointed for American writers since the United States never fostered a sustainable elite culture readership Its writers have always been reliant on mass publicity's machinery to survive and when they depict that machinery they also depict that reliance and the desire to transcend its banal formulas This book looks at artist tales from Henry James to Don DeLillo's *Mao II* but also engages more indirect expressions of this tension between Romantic individualism and commercial requirements in Nathanael West Vladimir Nabokov and Thomas Pynchon It covers the twentieth century but its focus is not another rehearsal of media theory or word versus image Rather it aims to show how various novels about publicity culture also enact their authors' own dramas how they both need and try to critique the machine In subject as well as approach this study questions the current impasse between those who say that the aesthetic aspires to its own pure realm and those who insist that it partakes of everyday practicality Both sides are right this book examines the consequences of that reality

Flannery O'Connor, Walker Percy, and the Aesthetic of Revelation John Sykes, 2007 Examining the writings of Flannery O'Connor and Walker Percy against the background of the Southern Renaissance from which they emerged Sykes explores how the writers shared a distinctly Christian notion of art that led them to see fiction as revelatory but adopted different theological emphases and rhetorical strategies Provided by publisher

Flannery O'Connor Sarah Gordon, 2000 Disturbing ironic haunting brutal What inner struggles led Flannery O'Connor to create fiction that elicits such labels Much of the tension that drives O'Connor's writing says Sarah Gordon stems from the natural resistance of her imagination to the obedience expected by her male-centered church society and literary background Flannery O'Connor The Obedient Imagination shows us a writer whose world was steeped in male presumption regarding women and creativity The book is filled with fresh perspectives on O'Connor's Catholicism her upbringing as a dutiful upper-class southern daughter her readings of Thurber Poe Eliot and other arguably misogynistic authors and her schooling in the New Criticism As Gordon leads us through a world premised on expectations at odds with O'Connor's strong and original imagination she ranges

across all of O'Connor's fiction and many of her letters and essays. While acknowledging O'Connor's singular situation, Gordon also gleams insights from the lives and works of other southern writers: Eudora Welty, Caroline Gordon, and Margaret Mitchell among them. Flannery O'Connor: The Obedient Imagination draws on Sarah Gordon's thirty years of reading, teaching, and discussing one of our most complex and influential authors. It takes us closer than we have ever been to the creative struggles behind such literary masterpieces as *Wise Blood* and *A Good Man Is Hard to Find*.

Literature and the Grotesque Michael J. Meyer, 1995 *Oral Interpretation* Timothy Gura, Benjamin Powell, 2018-08-06 In its 13th Edition, the iconic *Oral Interpretation* continues to prepare students to analyze and perform literature through an accessible, step-by-step process. New selections join classic favorites, and chapters devoted to specific genres—narrative, poetry, group performance, and more—explore the unique challenges of each form. Now tighter and more focused than its predecessors, this edition highlights movements in contemporary culture, especially the contributions of social media to current communication. New writings offer advice and strategies for maximizing body and voice in performance, and enhanced devices guide novices in performance preparation.

Explores the plural character of American literature, including the contributions made by African American, Native American, Hispanic, and Asian American writers. Considers how our understanding of American literature has changed over the past thirty years. Situates American literature in the contexts of American history, politics, and society. Corridor Kate Marshall, 2013-06-01 *Corridor* offers a series of conceptually provocative readings that illuminate a hidden and surprising relationship between architectural space and modern American fiction. By paying close attention to fictional descriptions of some of modernity's least remarkable structures—such as plumbing, ductwork, and airshafts—Kate Marshall discovers a rich network of connections between corridors and novels, one that also sheds new light on the nature of modern media. The corridor is the dominant organizational structure in modern architecture; yet its various functions are taken for granted, and it tends to disappear from view. But as Marshall shows, even the most banal structures become strangely visible in the noisy communication systems of American fiction. By examining the link between modernist novels and corridors, Marshall demonstrates the ways architectural elements act as media. In a fresh look at the late naturalist fiction of the 1920s, 30s, and 40s, she leads the reader through the fetid, clogged sewers of *Manhattan Transfer* to the corpse-choked furnaces of *Native Son* and reveals how these invisible spaces have a fascinating history in organizing the structure of modern persons. Portraying media as not only objects but processes.

Marshall develops a new idiom for Americanist literary criticism one that explains how media studies can inform our understanding of modernist literature *The Art of Looking in Hitchcock's Rear Window* Stefan Sharff,1997 Illustrated throughout with stills from the film The Art of Looking is a unique appreciation of the art of Alfred Hitchcock made even more valuable by the first publication in any form of the full dialogue of a screen masterpiece **Seven Contemporary Authors** Thomas B. Whitbread,2014-09-10 These seven critical essays each on a twentieth century novelist are disparate in content but all are concerned with the problem of evil and inhumanity and with the paradoxes of human existence Each essay discusses a different author but this independence of subject is resolved into a central theme through the interpretive approach followed by the seven critics Each of the contributors presents his subject against the background of the current disillusionment and frustration of our age Underlying each essay are undertones of the absurdity of life today for those who consider it thoughtfully and the contrast between what men would like reality to be and what they actually find This unity of theme the problem of evil of inhumanity of meaninglessness the concern for the human being and his future is developed in an interesting manner It was exploited in different ways by the seven modern novelists discussed in the essays and it is presented with different analytical techniques by the seven critics Yet the reader senses the unity of feeling and purpose amid the diversity of fictional content and critical evaluation Besides the interpretive Introduction by Thomas B Whitbread the book contains the following essays R W Lewis The Conflicts of Reality Cozzens The Last Adam Alan Friedman The Pitching of Love s Mansion in the Tropics of Henry Miller Roger D Abrahams Androgynes Bound Nathanael West s Miss Lonelyhearts George Clark An Illiberal Education William Golding s Pedagogy Vance Ramsey From Here to Absurdity Heller s Catch 22 Anthony Channell Hilfer George and Martha Sad Sad Sad Robert G Twombly Hubris Health and Holiness The Despair of J F Powers
