### School Description and Mission Statement

As a family learning center, Escuela Popular's ("EP") mission is to provide all children, adult students, and families with the opportunity to engage in purposeful, stimulating, and enriched educational experiences. It is expected that all students will earn a high school diploma and be prepared to enter post-secondary education and/or be prepared to participate and excel in California's workforce. It is also expected that all students will graduate as bilingual/biliterate.

Escuela Popular is organized into three age and linguistic appropriate academies – a K-8 dual language elementary school, a 9<sup>th</sup> and under bilingual high school and a 19 and over bilingual high school. Eighty percent of the student body consists of recent immigrants for whom the U.S. school experience is new and intimidating. The majority of students are English language learners. Approximately 20% of EP's younger students are children and adolescents of immigrant families who were unsuccessful in large comprehensive high schools. Spanish is the primary language of all students. In addition, 94% of EP's students are eligible for the free and reduced lunch program.

become increasingly concerned about how to assess the quality of the services provided by organizations in both the private  
and the public sectors One new approach is the organizational report card which compares the performance of organizations  
such as public schools colleges hospitals and HMOs This book offers the first comprehensive study of such instruments It  
discusses the circumstances under which they are desirable alternatives to other policy instruments such as regulation how  
they should be designed who is likely to use them and for what purpose and what role if any government should have in their  
creation Informed by cases drawn from education health and other policy areas this book develops a conceptual framework  
for analyzing these issues It explores the tradeoffs in measuring performance the methods of communicating results  
effectively to mass and elite audiences and the ways in which organizations respond to the data gathered
