Margaret Atwood Shannon Hengen, Ashley Thomson, 2007-05-22 Authors Shannon Hengen and Ashley Thomson have assembled a reference guide that covers all of the works written by the acclaimed Canadian author Margaret Atwood since 1988 including her novels *Cat's Eye* *The Robber Bride* *Alias Grace* and the 2000 Booker Prize winner *The Blind Assassin*. Rather than just including Atwood's books this guide includes all of Atwood's works including articles short stories letters and individual poetry. Adaptations of Atwood's works are also included as are some of her more public quotations. Secondary entries i.e. interviews scholarly resources and reviews are first sorted by type and then arranged alphabetically by author to allow greater ease of navigation. The individual chapters are organized chronologically with each subdivided into seven categories: Atwood's Works Adaptations Quotations Interviews Scholarly Resources Reviews of Atwood's Works and Reviews of Adaptations of Atwood's Works. The book also includes a chapter entitled *Atwood on the Web* as well as extensive author and subject indexes. This new bibliography significantly enhances access to Atwood material a feature that will be welcomed by university public and school librarians. Margaret Atwood A Reference Guide 1988 2005 will appeal not only to Atwood scholars but to students and fans of one of Canada's greatest writers.

Burn Book Kara Swisher, 2024-02-27 Now including a new afterword. An instant New York Times bestseller from award winning journalist Kara Swisher *Burn Book* is a highly readable bawdy brash and compulsively thought provoking Booklist starred review account of the tech industry and its founders who wanted to change the world but broke it instead. Part memoir part history *Burn Book* is a necessary chronicle of tech's most powerful players. From the queen of all media Walt Mossberg *The Wall Street Journal* this is the inside story we've all been waiting for about modern Silicon Valley and the biggest boom in wealth creation in the history of the world. When tech titans crowed that they would move fast and break things Kara Swisher was moving faster and breaking news. While covering the explosion of the digital sector in the early 1990s she developed a long track record of digging up and reporting the facts about this new world order. Her consistent scoops drove one CEO to accuse her of listening in the heating ducts and prompted Facebook's Sheryl Sandberg to once observe: It is a constant joke in the Valley when people write memos for them to say I hope Kara never sees this. While still in college Swisher got her start at *The Washington Post* where she became one of the few people in journalism interested in covering the nascent internet. She went on to work for *The Wall Street Journal* joining with Walt Mossberg to start the groundbreaking D All Things Digital conference as well as pioneering tech news sites. Swisher has interviewed everyone who matters in tech over three decades right when they presided over an explosion of world changing innovations that has both helped and hurt our world. Steve Jobs Jeff Bezos Elon Musk Bill Gates Sheryl Sandberg Bob Iger Larry Page and Sergey Brin Meg Whitman Peter Thiel Sam Altman and Mark Zuckerberg are just a few of whom Swisher made sweat figuratively and in Zuckerberg's case literally. Despite the damage she chronicles Swisher remains optimistic about tech's potential to help solve problems and not just create them. She calls upon the industry to make

better more thoughtful choices even as a new set of powerful AI tools are poised to change the world yet again At its heart this book is a love story to for and about tech from someone who knows it better than anyone *Indian and New Literatures in English* Dr. Shuchita Srivastav, Dr. Sanjay Sharma, 2024-02-01 Purchase Book of Indian New Literatures in English for B A 6th Semester for all U P State Universities Common Minimum Syllabus as per NEP Published By Thakur Publication
