Homo For The Holidays:

Homo for the Holidays Mark A. Roeder, 2010-10-31 *Homo for the Holidays* is a collection of mostly gay Christmas tales. In this collection are found stories of gay romantic love, the love between a father and his gay son and old lovers returning from the beyond. There are stories within the pages about a magical Christmas tree that appears of its own accord every year, angels, ghosts and a century old hotel that miraculously reappears during the holiday season. Most of the stories are written for gay readers but some are just cozy Christmas tales. There are stories in this volume for all true lovers of Christmas. So grab a plate of Christmas cookies and a steaming cup of cocoa and sit down to enjoy this collection of most gay Christmas tales. Information on Mark's upcoming books can be found at markroeder.com and he can be reached directly at markroeder@yahoo.com. Those wishing to keep in touch with others who enjoy Mark's novels can join his fan club at <http://groups.yahoo.com/group/markaroederfans>.

War on Xmas - The Field Manual Tom Schecker, Barry Nelson, 2006-11-01 *War On Xmas The Field Official Manual* is a phony manual purportedly followed by secularists and liberals to wage a war on the Christmas holiday. Right Wing commentators and slicked back evangelical ministers who contrived the phony war have pledged to fight back by exposing the warriors. We're helping them by publishing for the first time the actual field manual used by those warriors to attack Xmas via the use of phrases such as Happy Holidays and Seasons Greetings. Illustrated with crude drawings and even cruder sophomoric humor. *War On Xmas The Field Manual* embodies the right wing's paranoid fantasies and straw man arguments.

Rainbow Jews Jonathan C. Friedman, 2007-03-26 *Rainbow Jews* deals with the intersection of gay and Jewish identity in American and Israeli film and theater from the 1960s to the present. Its main area of interest is the extent to which Jewish creative voices in the performing arts have constructed multidimensional images of and a welcoming public space for the gay lesbian and transgendered community as a whole. Through a close reading of the texts of numerous American and Israeli plays and films, some famous but mostly lesser known, the author evaluates some of the key conventions and tropes that have been employed to construct critique and reflect the social reality of the connection between Jewishness and gay identity in the United States and Israel. Secondly, the author explores ways in which gay Jewish playwrights and filmmakers have assisted the re-evaluation of sexual norms within Judaism over the past three decades, inspiring and reinforcing measures across the spectrum of belief geared towards integrating Jewish members of the GLBT community into the overall Jewish historical narrative.

Holy Holidays! Greg Tobin, 2011-03-01 How did Sunday become the Sabbath Day? Why did St. Valentine become the patron saint of lovebirds? Most people happily participate in Mardi Gras, Halloween and St. Patrick's Day with very little knowledge of the origins and meanings of those celebrations. Greg Tobin unearths the religious roots of the seemingly secular, offering historical trivia and the sometimes bizarre origins of the days throughout the year that bring people together. In these pages, readers will discover that Jesus was not born on Christmas Day. The Easter Bunny is a deeply pagan tradition that simply could not be suppressed by the Church. Same with Easter eggs. Mother's Day falls in
