**The BERA/SAGE Handbook of Educational Research** Dominic Wyse, Neil Selwyn, Emma Smith, Larry E.

Suter, 2016-12-15 Education has continued to grow in stature and significance as an academic discipline. In addition to world renowned research studies, the growth of education has been seen in the methodology and methods underpinning its research. The BERA SAGE Handbook of Educational Research provides a cutting edge account of the research and methodology that is creating new understandings for education research policy and practice. Over two volumes, the handbook addresses educational research in six essential components: Section 1 Understanding Research, Section 2 Planning Research, Section 3 Approaches to Research, Section 4 Acquiring Data, Section 5 Analysing Data, Section 6 Reporting, Disseminating and Evaluating Research. Featuring contributions from more than 50 of the biggest names in the international field, The BERA SAGE Handbook of Educational Research represents a very significant contribution to the development of education.

**Individual Education Plans (IEPs)** Janet Tod, Mike Blamires, Francis Castle, 2013-10-28 First Published in 2000

This book is one of a series concerning the implementation of effective practice for Individual Education Plans (IEPs). It seeks to address emergent challenges for schools that IEPs should retain their role in the provision of planning and record keeping for pupils with special educational needs but that the paperwork burden should be reduced and manageability achieved. The book outlines key principles for the design of IEPs for dyslexic pupils and offers practical advice on target writing and strategy development for teachers and SENCOs in mainstream schools, special schools and dyslexia units. Like other books in this series, the ideas and activities to support institutional self review and development are produced in a photocopiable format.

Researching Dyslexia in Multilingual Settings Deirdre Martin, 2013-09-27 This volume draws together current research on dyslexia and literacy in multilingual settings across disciplines and methodologies. The contributors, all internationally recognised in the field, address developmental and acquired literacy difficulties and dyslexia in a range of language contexts including EAL/EFL. The book uses theories and analytical frameworks of a critical nature to reveal prejudicial social practices and suggests future research directions towards a critical re-consideration of current understandings of dyslexia in multilingual settings, with a view to foregrounding the potential for interdisciplinarity. The book also suggests ways forward for evidence-informed practice and it will be a valuable resource for researchers, practitioners and students alike.

**Inclusive Educational Practice** Teresa Grainger, Janet Tod, 2013-10-28 First Published in 2001

An inclusive education is one which seeks to respond to individual differences through an entitlement of all learners to common curricula. Armstrong and Barton 2000. This book attempts to respond to this definition of inclusion by examining the principles of the literacy curriculum and a range of pedagogic practices. The complex relationships between inclusion, literacy and learning are acknowledged and it is argued that quality learning in language and literacy can work towards increased equity and involvement within the classroom community.
