*Comprehensive Guide to Child Psychotherapy and Counseling* Christiane Brems, 2008-03-19 Christiane Brems an experienced clinician supervisor and educator presents a metatheoretical yet practical guide to working with children ages 3 to 12 years She draws heavily on developmental interpersonal family systems and self psychological schools of thought and integrates the core components of all of these approaches in a clear and concise manner She stresses the need for intensive assessment to precede conceptualization and treatment planning so that treatment techniques are dictated by the needs of each child and family Brems has contoured the third edition to meet the practical needs and expectations of students and practitioners Divided among four sections the chapters follow the logical development of clinicians mirroring the natural flow of work with children from the practitioners self exploration to learning about special aspects of children such as diversity and development to awareness about the special needs and demands of children as related to environmental legal and ethical issues Brems prepares clinicians to discover their own personal traits that may facilitate or hinder their work with children

She walks child therapists and counselors through the initial stages of intake assessment and conceptualization. The material on assessment instruments is thoroughly updated; discussions refer to the latest versions of instruments, and if new instruments emerged that meet one of the purposes deemed essential to child treatment, they are included. The text contains case examples, each illustrating a specific therapeutic technique.

**Tests in Print IV** Linda L. Murphy, Jane Close Conoley, James C. Impara, 1994. Customers who place a standing order for the Tests in Print series or the Mental Measurements Yearbook series will receive a 10% discount on every volume. To place your standing order, please call 1 800 848 6224 in the U.S. or 919 966 7449 outside the U.S. Designed to complement the Mental Measurements Yearbooks, Tests in Print fills a pressing need for a comprehensive bibliography of all commercially available English language tests in print. Although these volumes are useful in and of themselves, their maximum usefulness requires the availability and use of the Mental Measurements Yearbooks. Although information on available tests and specific test bibliographies is valuable, the greatest service which Tests in Print can perform is to encourage test users to choose tests more wisely by consulting the MMY test reviews, test reviews from journals, and the professional literature on the construction, use, and validity of the tests being considered. Tests in Print IV contains information on over four thousand instruments. Along with a brief description, entries include population, scoring, pricing, publisher information, and a reference list of professional literature citing articles relevant to individual instruments. Indexes of titles, classified subjects, names, and scores, as well as a publisher's directory and index, are included, with notations for out-of-print instruments. Information is given for tests in a wide range of areas, including education, psychology, counseling, management, health care, career planning, sociology, child development, social science, and research. Tests in Print IV also provides a comprehensive index to the Mental Measurements Yearbook by directing readers to the appropriate volume for reviews of specific tests.

Essentials of Culture in Psychological Assessment A. Jordan Wright, 2024-09-24. Integrate cultural awareness and humility into your psychological assessments. In *Essentials of Culture in Psychological Assessment*, editor Jordan A. Wright curates a collection of invaluable work that helps psychological assessors be more deliberate in acknowledging and, in some cases, mitigating the role that culture and cultural experiences can play in the psychological assessment process. It encourages assessors to think about cultural issues as they relate to clients, including the cultural background clients bring with them to the assessment and the oppressive experiences they may have endured. You'll explore the roles that power and privilege might play in the assessment process and the cultural variables that affect the interaction with clients and the process as it unfolds. You'll also discover how culture and oppression can be considered and accounted for throughout the entire lifecycle of a psychological assessment. Readers will also find tools and strategies for conducting culture-informed and diversity-sensitive psychological assessment.
