look style and functionality of the CJ made it instantly popular and recognizable the world over in no doubt partly due to its
military presence in World War II The Jeep Wrangler platform had the difficult task of replacing the extremely popular CJ
platform Outwardly similar in appearance the YJ TJ and JK that followed all had significant design improvements as can be
expected when a platform has a life span of more than five decades The YJ was the first Chrysler release after it purchased
AMC in the mid 1980s and it was aimed at taming the original CJ for more comfort and arguably a larger audience The TJ
that followed next was an evolutionary update significant in that it featured a coil spring suspension and the celebrated
return of round headlights for a more traditional look compared to the square lights of the YJ In Jeep TJ 1997 2006 How to
Build Modify everything you need to know about how to modify your TJ for off road use is covered Beginning with why you
