The Parent Revolution Dr. Corey A. DeAngelis, 2024-05-14 A NATIONAL USA TODAY BESTSELLER A great guide to help moms and dads take back control of their children's education from the radical Marxists ruining our schools President Donald J Trump From the leader of the online army in America's

parental rights movement comes the real story of how moms and dads across the country are turning the tide against radical activists in public schools. It's no secret that our government-run public education system has held generations of Americans hostage. The teachers unions, the government's stormtroopers, have been hard at work running a mass misinformation campaign to convince parents that because this is how it has always been, this is how it has to be. But here's what you may not realize: the parents are winning, and we have entered the death spiral of the education dictatorship. The school choice revolution is here, and moms and dads are successfully restoring parental rights in education, one state, one school district at a time. In *The Parent Revolution*, Dr. Corey A. DeAngelis, public enemy #1 of the teachers unions, takes readers inside this movement like no one else can. As Vox reported in late 2023, DeAngelis has become the public face of the effort, traveling from state to state, holding rallies, making media appearances, and tweeting constantly. Or, as another education voice put it, "No one in education policy advocacy or activism has ever lived rent-free in more heads at once than Corey DeAngelis." As America's most prominent and influential advocate of school choice, DeAngelis unapologetically argues why parents and political leaders must lean into the culture war taking place in schools. He exposes the hypocritical elites who are content to hold other people's children captive to poorly run government schools while sending their own children to the best private and charter schools out there. And most importantly, he equips readers with the ability to make sure the potent forces of the educational industrial complex don't regain their footing.

Gumption Nick Offerman, 2015-05-26 The star of *Parks and Recreation* and author of the New York Times bestseller *Paddle Your Own Canoe* returns with a second book that humorously highlights twenty-one figures from our nation's history from her inception to present day. Nick's personal pantheon of great Americans: To millions of people, Nick Offerman is America. Both Nick and his character Ron Swanson are known for their humor and patriotism in equal measure. After the great success of his autobiography *Paddle Your Own Canoe*, Offerman now focuses on the lives of those who inspired him. From George Washington to Willie Nelson, he describes twenty-one heroic figures and why they inspire in him such great meaning. He combines both serious history with light-hearted humor, comparing, say, Benjamin Franklin's abstinence from daytime drinking to his own sage refusal to join his construction crew in getting plastered on the way to work. The subject matter also allows Offerman to expound upon his favorite topics, which readers love to hear about: areas such as religion, politics, woodworking, and handcrafting, agriculture, creativity, philosophy, fashion, and, of course, meat.
