

Part 1: Design

10 marks

1. **Identify listed issues:** List 3 issues in the given scenario possible design ideas. Identify three ideas, providing as much detail as possible.
2. **Evaluate and design:** Select one idea and identify a design idea and identify a design idea based on the scenario of each scenario's idea.
3. **Design brief:** Write a design brief with detailed specifications for the final design idea, covering issues such as size, materials, safety, and functionality.
4. **Flow chart:** Write a flow chart to present with the design and construction phase, and each issue is a flowchart to outline the steps to be taken.

Part 2: Planning and Making

10 marks

1. **Working drawings:** List 3 issues in the given scenario possible design ideas for an aspect of the plan, using first angle orthographic projection. Draw that you can a suitable scale, correct line types, and dimensions.
2. **Budget:** Prepare a budget for the "final design" solution, including necessary materials and labour costs. Draw that you budget is suitable and based on real market costs.
3. **Model:** Build a scale model of your final design idea. The model should be constructed using real materials and show intelligent use of materials, design practice, safety, when working with tools and materials.

Part 3: Evaluation

10 marks

1. **Evaluation instrument:** Develop an instrument to evaluate the solution. The instrument will be used to assess your team's solution and another team's solution. The will use this during the presentation phase.

Part 4: Communication

10 marks

1. **Team Presentation:** Teams will present their solution to the "final design" (your teacher and classmates). Each team member must be responsible for presenting a specific aspect of the project. Your presentation should include the design, plan, the budget, the model, and suitable responses.

## Mini-PAT

### Community Issues – The Contractors

In this Mini-PAT (Practical Assessment Task), you will act as part of a contracting company competing for a contract to design and build a structure that addresses a problem facing a community. The project will focus on identifying a problem, investigating possible solutions, designing a structure, costing the project, and evaluating the final solution. You will be working in a group.

#### Instructions

##### Part 1: The Tender Process (including Ethical Practices)

10 marks

1. **Scenario Introduction:** A community lives on a major river's far bank. The river is wide and deep, preventing the people from reaching the city on the opposite side. This means that the people cannot take advantage of the work opportunities, the excellent medical and schools facilities, and the wide range of shops available in the city.

2. **Investigation:** Teams discuss possible structures to solve

ink saving Eco

### Mini Pat Grade 9 2015:

**Transparent Data Mining for Big and Small Data** Tania Cerquitelli, Daniele Quercia, Frank Pasquale, 2017-05-09 This book focuses on new and emerging data mining solutions that offer a greater level of transparency than existing solutions. Transparent data mining solutions with desirable properties e.g. effective, fully automatic, scalable are covered in the book. Experimental findings of transparent solutions are tailored to different domain experts and experimental metrics for evaluating algorithmic transparency are presented. The book also discusses societal effects of black box vs transparent approaches to data mining as well as real world use cases for these approaches. As algorithms increasingly support different aspects of modern life a greater level of transparency is sorely needed not least because discrimination and biases have to be avoided. With contributions from domain experts this book provides an overview of an emerging area of data mining that has profound societal consequences and provides the technical background to for readers to contribute to the field or to put existing approaches to practical use.

**2015 Baseball Forecaster** Ron Shandler, Ray Murphy, Brent Hershey, 2015-01-01 The industry's longest running publication for baseball analysts and fantasy leaguers the 2014 Baseball Forecaster published annually since 1986 is the first book to approach prognostication by breaking performance down into its component parts. Rather than predicting batting average for instance this resource looks at the elements of skill that make up any given batter's ability to distinguish between balls and strikes his propensity to make contact with the ball and what happens when he makes contact reverse engineering those skills back into batting average. The result is an unparalleled forecast of baseball abilities and trends for the upcoming season and beyond.

**A Field Guide to Lies** Daniel J. Levitin, 2019-11-19 Winner of the National Business Book Award. From the New York Times bestselling author of *The Organized Mind* and *This Is Your Brain on Music* a primer to the critical thinking that is more necessary now than ever. We are bombarded with more information each day than our brains can process especially in election season. It's raining bad data, half truths and even outright lies. New York Times bestselling author Daniel J. Levitin shows how to recognize misleading announcements, statistics, graphs and written reports revealing the ways lying weasels can use them. It's becoming harder to separate the wheat from the digital chaff. How do we distinguish misinformation, pseudo facts and distortions from reliable information? Levitin groups his field guide into two categories: statistical information and faulty arguments ultimately showing how science is the bedrock of critical thinking. Inf literacy means understanding that there are hierarchies of source quality and bias that variously distort our information feeds via every media channel including social media. We may expect newspapers, bloggers, the government and Wikipedia to be factually and logically correct but they so often aren't. We need to think critically about the words and numbers we encounter if we want to be successful at work, at play and in making the most of our lives. This means checking the plausibility and reasoning, not passively accepting information, repeating it and making decisions based on it. Readers learn to avoid the extremes of passive gullibility and cynical rejection. Levitin's charming, entertaining, accessible guide can help.

anyone wake up to a whole lot of things that aren't so And catch some weasels in their tracks      *Birdville School; A Portrait of Small-Town America in the 20th Century* Bob Barrage, 2019-01-03 Birdville School opened in 1922 on the corner of two dirt roads at the edge of a fallow farm Over the next 67 school years it witnessed and influenced the unfolding story of the town that grew up around it amid flood brushfire blizzard tornado and earthquake poverty and prosperity war peace and cold war and even the collapse of the earth beneath its foundations Its auditorium and cafeteria hosted PTA meetings plays movies concerts basketball tournaments holiday parties Girl Scout and Boy Scout meetings polio vaccination clinics and war time rationing registrations and scrap collection drives Local sand lot softball baseball and football teams competed in the same surrounding fields that swarmed with gleeful children at recess and that echoed with the roar of low flying aircrafts snagging mailbags on their tail hooks Among its staff were thespians musicians firemen outdoorsmen and athletes including a singer who performed in the Coolidge White House a candidate for the state legislature an army medic and a ball player who faced off against the Homestead Grays and the Pittsburgh Pirates By the time classes concluded for the last time in 1989 thousands of children including the author had benefitted from the care instruction and example of the Birdville School family This book is a feeble tribute to those who made us who we are      *Hope and a Future* John Balouziyeh, 2016-05-15 When the Syrian uprising began in March 2011 no one envisioned mass atrocities on the scale we are witnessing today No one foresaw the displacement of millions that would dramatically reshape regional demographics No one imagined that children would become the victims of chemical weapons or that the Mediterranean Sea would become their graveyard Today more than half of the Syrian population has been displaced a phenomenon almost without precedent in human history Images of starving civilians trapped in besieged cities have outraged the human conscience Thousands of children have been slain by barrel bombs landmines and chlorine gas More than a quarter million Syrians have perished These numbers are a shameful indictment on humanity Yet there is hope Each day in refugee camps across the Middle East aid workers seeking neither recognition nor reward sacrifice their comfort to bring Syrian refugees relief Entrepreneurs setting aside the pursuit of profits lend pro bono assistance to innovatively address refugee needs Volunteers risk their lives to give Syrian refugees hope and a future This book tracks the author's travels to Syrian refugee camps and informal tented settlements in Lebanon Jordan and Iraq Relying on his legal background he offers an unfiltered account of the plight of Syrian refugees from a legal political and humanitarian perspective Yet this book is more than just an account of the lives of Syrian refugees it answers that burning question on so many people's minds How can I help In discussing corporate partnerships with aid organizations civil society initiatives humanitarian missions volunteering and fundraising the author shows that there is a role anyone can play in making a lasting positive impact on Syrian refugees and restoring dignity to their lives      **How to Handle Pay Controls, 1952-53** Walter Lord, 1952      ,      **The Military Advantage, 2016 Edition** Terry Howell, 2016-04-15 Revised and updated every year The Military Advantage 2016 Edition is the most reliable benefits guide for Americans who have
