Land Record's Manual Punjab (India),1974      *Guidebook to Intellectual Property* Robin Jacob,Daniel Alexander,Matthew  
Fisher,2014-07-18 This is a unique book about Intellectual Property It is aimed not only at law students studying the subject  
but also at interested users of IP business people inventors scientists designers and the like It provides an outline of the basic  
legal principles which underpin and regulate the subject educating the reader as to the shape of the law However critically  
it also gives insight into how the system actually works You cannot understand chess by merely learning the rules you also  
have to know how the game is played so too with Intellectual Property To achieve its object the authors deliberately avoid  
technicalities keeping things simple yet direct There are no footnotes to distract Although cases are inevitably referred to  
they are explained in a pithy accessible manner The authors try wherever possible to be both serious and light hearted at the  
same time All major areas of IP patents trade marks copyright and designs are covered along with briefer treatment of other  
rights and subjects such as breach of confidence plant varieties and databases A novice reader of this book should come  
away both with a clear outline of IP law and a feeling for how it works Students will be able to put their more detailed study  
into perspective Users will be able to understand better how IP affects them and their businesses      **Heavy Cruisers of the**  
**Admiral Hipper Class** Gerhard Koop,Klaus-Peter Schmolke,2014-07-22 The warships of the World War II era German Navy  
are among the most popular subject in naval history with an almost uncountable number of books devoted to them However  
for a concise but authoritative summary of the design history and careers of the major surface ships it is difficult to beat a  
series of six volumes written by Gerhard Koop and illustrated by Klaus Peter Schmolke Each contains an account of the  
development of a particular class a detailed description of the ships with full technical details and an outline of their service  
heavily illustrated with plans battle maps and a substantial collection of photographs These have been out of print for ten  
years or more and are now much sought after by enthusiasts and collectors so this new modestly priced reprint of the series  
will be widely welcomed This volume covers the Admiral Hipper class among the largest heavy cruisers to serve in World  
War II Intended to be a class of five they enjoyed contrasting fortunes Seydlitz and L tzow were never completed Bl cher was  
the first major German warship sunk in action Admiral Hipper became one of the most successful commerce raiders of the  
war while the Prinz Eugen survived to be expended as a target in one of the first American nuclear tests in 1946      **Fire**
