NB: Reports in general should be as short as possible whilst ensuring all important information is recorded.

This format can be used for either a hand-over report or an end-of mission report.

The 1st objective of the report is to provide an overview of how logistics and administration are arranged in the programme or field location, what are the key responsibilities and how things are managed.

The 2nd objective is also to clearly identify what are the current problems and the pending things to be implemented.

For each chapter think about what has been already done, what are the next objectives and which opportunities/problems you identified?
