Distinctively Baptist Essays on Baptist History Walter B. Shurden, 2005 This collection of essays by different authors is presented as a tribute to Walter B. Shurden, distinctively Baptist church historian, teacher, preacher, author, Baptist apologist, and extraordinaire. The rationale of this celebration of the lifework and influence of Walter Shurden is well stated for example in editor Marc Jolley's preface: During some of the initial forays of our most recent and ongoing Fundamentalist-Moderate controversy there were days when I thought about changing denominations. Shurden's works were instrumental in my remaining a Baptist not because I could see how Baptists had always had controversies and survived although that is true but because he helped me understand that the reason I had been Baptist and would remain so was due to our Baptist distinctives, our freedoms. For so much more but especially for that understanding I am forever grateful. Many students, Baptists in the pews, some at the pulpit or lectern, even some who are not distinctively Baptist could testify in like terms regarding the ongoing work and influence of Walter B. Shurden. The essays in this collection of course address some of the primary concerns of Walter Shurden, augmenting that already significant lifework. McKim, 2025-01-31 Does God actually do anything in baptism? Is it more than just a symbol? Most early Baptists would have answered yes. Most Baptists today would answer no. How and why did this change happen and does it matter? Providing thorough documentation of the changing understandings of baptism among American, Canadian, and English Baptists from the 1600s to the present day, *The Secularization of Baptism* demonstrates that four factors led to the symbolic-only position becoming dominant. These were suspicion in reaction to Roman Catholicism of the idea of God revealing himself through the physical, the influence of the Enlightenment and embarrassment with claims that God could be acting in the world today, reaction against the Oxford Movement, and reaction against the understanding of baptism advocated by the Disciples of Christ/Campbellites. The now dominant symbolic-only position so focuses attention on what the believer is doing in baptism that God is seen as largely absent from and doing nothing through the rite. In effect, believers' baptism has been

secularized A carefully reasoned biblical and theological argument is made for a return to the Regular Particular Baptist view that God is both profoundly spiritually present and active in baptism while at the same time rejecting the sacramentalist position advocated by a small number of mid twentieth and twenty first century Baptists such as H Wheeler Robinson George Beasley Murray Stanley K Fowler and Anthony R Cross *Berry v. Bruce, 317 MICH 490 (1947) ,1947 58* **The Baptist Church Manual** John Newton Brown,1858 **Baptist Churches in Action** Gaines Stanley Dobbins,1929
