Elly S Juxtapose:

Elly's Juxtapose Pauline Taylor, 2014-10 Some things need to be forgotten others cry to be uncovered When Eloise Smythe visits her aunt Tessa at Lake House it soon becomes apparent that her aunt is not alone in being glad for her company for in Lake House the past is running alongside the present and only Eloise holds the key that will make the spirits rest A fascinating story stretching from the Crusades to the present day Elly's Juxtapose follows the twists and turns of a love Contrapuntal in Integration Lisa Olson Paddock, 2000-07-26 William Faulkner's three short story collections while lacking the more obvious structural characteristics of his other works which are novelistic or episodic in nature demonstrate the concept of contrapuntal in integration Paddock explores Faulkner's conception of counterpoint in these collections where the placement of the units and the contrast between them serve to create a separate experience from reading the individual stories The author explores the rationale for the structure of These 13 Doctor Martino and Other Stories and Collected Stories Figurally Colored Narration Wolf Schmid, 2022-04-04 Figurally colored narration FCN is narrator's discourse whether in the first or third person that adopts salient features of character's text mainly valuation and designation without signaling the figural part in any way Unlike free indirect discourse FCN does not refer to current acts of consciousness but to typical characteristic segments of the character's text There are two main modes of FCN contagion of the narrator's discourse with a character's text and the more or less ironical reproduction of a character's text in narrative discourse In the latter case the narrator's criticism may refer to either the content of the character's text or to its form of expression This study begins with a definition and an example of FCN as a narrative device followed by an analysis of terms used for FCN in German Anglophone and Russian literary criticism Building on the perception of FCN as a phenomenon of interference between narrator s and character s text text interference this book analyses the function and applications of FCN in narratives written in German English and Russian Faulkner and Other Southern Writers Hans H. Skei,2004

Towards a Poetics of Literary Biography Michael Benton, 2015-09-01 Drawing upon a wide range of biographies of literary subjects from Shakespeare and Wordsworth to William Golding and V S Naipaul this book develops a poetics of literary biography based on the triangular relationships of lives works and times and how narrative operates in holding them together Biography is seen as a hybrid genre in which historical and fictional elements are imaginatively combined It considers the roles of story telling factual data in the art of life writing and the literariness of its language It includes a case study of the biography of Ellen Terry discussion of the controversial relationship between a subject s life and works biographical criticism and through the issue of gender the social and cultural changes biographies reflect It frames a poetics on the basis of its strategy and tactics and demonstrates how the literal truth of verifiable data and the poetic truth of what is narrated are interdependent

Analyzing Syntax through Texts Elly van Gelderen,2017-12-04 Explores the momentous changes that have taken place in the Russian nationalism since Putin s return

to the presidency Representing Social Precarity in German Literature and Film Sophie Duvernoy, Karsten Olson, Ulrich Plass, 2023-10-05 Using Germany as a national case study this volume examines the historical genesis of precarity its evolution from 19th century industrial modernity to the present and its reflections and reconfigurations in artistic production in particular with relation to work gender and sexuality Precarity is everywhere now sociologist Pierre Bourdieu declared almost thirty years ago Not only declining middle class standards of living but also debt drug addiction housing and food insecurity depression and deaths of despair are now being recognized as symptoms of the downward pull of social precarity Although these and similar ills have been attributed to neoliberal policies of deregulation privatization and willful neglect of the common good precarization has accompanied the booms and busts of industrial modernity from its beginnings Representing Social Precarity in German Literature and Film explores how German and Austrian literature film and social history have engaged with social precarity from the period of Romanticism and early industrialization to the present The chapters in this volume deal with precarity as both an objective phenomenon reflected in literary and filmic representations and as a subjective phenomenon that gives these representations their particular shape Representing Social Precarity in German Literature and Film opens new critical perspectives on diverse forms of lived precarity and their creative manifestations by reflecting on the history of capitalist modernity from the vantage points of weakness vulnerability marginality impoverishment and otherness Meadows' Italian and English Dictionary ,1883 The Legacy of Dutch Brazil Michiel van Groesen, 2014-06-09 Argues that Dutch Brazil is integral to Atlantic history and made an impact well beyond the colonial and national narratives in the Netherlands and Brazil **Rival Wisdoms** Nancy Mason Bradbury, 2024-02-20 In this elegantly written study Nancy Mason Bradbury situates Chaucer's last and most ambitious work in the context of a zeal for proverbs that was still rising in his day Rival Wisdoms demonstrates that for Chaucer's contemporaries these tiny embedded microgenres could be potent disruptive and sometimes even incendiary In order to understand Chaucer's use of proverbs and their reception by premodern readers we must set aside post Romantic prejudices against such sayings as prosaic and unoriginal The premodern focus on proverbs conditioned the literary culture that produced the Canterbury Tales and helped shape its audience s reading practices Aided by Thomas Speght s notations in his 1602 edition Bradbury shows that Chaucer acknowledges the power of the proverb reflecting on its capacity for harm as well as for good and on its potential to expand and deepen but also to regulate and constrict the meanings of stories Far from banishing proverbs as incompatible with the highest reaches of poetry Chaucer places them at the center of the liberating interpretive possibilities the Canterbury Tales extends to its readers Revelatory and persuasive this book will appeal to scholars and students of medieval and early modern English literature as well as those interested in proverbs and the Canterbury Tales The Linguistic Cycle Elly van Gelderen, 2023-07-31 Cyclical language change is a linguistic process by which a word phrase or part of the grammar loses its meaning or function and is then replaced by another This can even

happen on the level of an entire language which can experience a change in the language family it is a part of This new text is a comprehensive introduction to this phenomenon the mechanisms underlying it and the relations between the different types of cycles Elly van Gelderen reviews the subject widely and holistically defining key terms and comprehensively presenting diverse theoretical perspectives and empirical findings With coverage of a variety of micro cycles and the more controversial macro cycles incorporating cutting edge work on grammaticalization and drawing on examples from many languages and language families this book accessibly guides readers through the state of the art in the field With practical methodological guidance on how to identify and investigate linguistic cycles and an array of useful pedagogical features the book provides a coherent framework for approaching understanding and furthering research in linguistic cycles This text will be an indispensable resource for advanced students and researchers in historical and diachronic linguistics language typology and linguistic and grammatical theory **Allegorical Quests from Deguileville to Spenser** Marco Nievergelt, 2012 An examination of sixteenth century quest narratives focussing on their conscious use of a medieval tradition to hold a mirror up to contemporary culture Offers the first full study of the allegorical knightly quest tradition from the Middle Ages to the Renaissance Richly satisfying as impressive in the detail of its scholarship as in the elegance of its critical formulations It seamlessly moves between different literary traditions and across conventional period boundaries In Dr Nievergelt's treatment of this theme the successive retellings of the tale of the knight's guest come to stand as an emblemof shifting values and norms both religious and worldly and of our repeated failures to realise those ideals Dr Alex Davis Department of English University of St Andrews The literary motif of the allegorical knightly guest appears repeatedly in the literature of the late medieval early modern period notably in Spenser but has hitherto been little examined Here in his examination of a number of sixteenth century English allegorical chivalric quest narratives focussing on Spenser's Faerie Queene but including important lesser known works such as Stephen Bateman's Travayled Pylgrime and William Goodyear's Voyage of the Wandering Knight the author argues that the tradition begins with the French writer Guillaume de Deguileville His seminal P lerinage de la vie humaine was composed c 1331 1355 it was widely adapted translated rewritten and printed overthe next centuries Dr Nievergelt goes on to demonstrate how this essentially medieval literary form could be adapted to articulate reflections on changing patterns of identity society and religion during the early modern period and how it becomes a vehicle of self exploration and self fashioning during a period of profound cultural crisis Dr Marco Nievergelt is Lecturer Ma tre Assitant and SNF Swiss National Science Foundation Research Fellow in the English Department at the A Literary History of the English People from the Origins to the Civil War Jean Jules Universit de Lausanne Jusserand, 1926 New York Magazine ,1982-08-09 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s
