

# Making a new contact

You have to know how to make a new contact because it will be easier for you to do this instead of having to remember every single email address for everyone who you contact.

Click NEW to make a new contact

Click on CONTACTS to access them

The image consists of two side-by-side screenshots of the MStreamIT web application. The left screenshot shows the 'CONTACTS' menu in the bottom-left corner, with the 'NEW' option highlighted. An arrow points from the text 'Click NEW to make a new contact' to this option. Another arrow points from the text 'Click on CONTACTS to access them' to the 'CONTACTS' menu item. The right screenshot shows the 'New Contact' form, which has fields for 'Name', 'Address', 'Phone', and 'Email'. An arrow points from the text 'Write in all the details needed for a single contact and press SAVE AND CLOSE to save it' to the 'SAVE AND CLOSE' button at the bottom of the form.

Write in all the details needed for a single contact and press SAVE AND CLOSE to save it

To do this I went on:

**BOTTOM LEFT COLOUM > CONTACTS > NEW CONTACT > WRITE IN DETAILS > SAVE AND CLOSE**

Then I am able to make a new contact to make it easier for me, instead of remembering all of the email addresses for every single person.
