The Report: Mongolia 2014 Oxford Business Group,2014-05-23 Since the country s transition from communism two decades ago the Mongolian economy has experienced rapid liberalisation Sectors including ICT and insurance are expanding quickly and while the mining sector has been responsible for making Mongolia a rising star in the global economy there is great potential

for further growth in all economic sectors Politically stable and rich with natural resources Mongolia has emerged as a bellwether for investor confidence in recent years The 2013 commercialisation of the Oyu Tolgoi gold and copper mine is helping to diversify Mongolia's mineral exports away from coal while the government is working to improve the investment environment by adopting the new Investment Law among other measures Challenges do exist however from the long harsh winters that slow construction to the difficulty of connecting the sparsely populated nation through ICT and transport systems In response the government has partnered with the private sector on a number of fronts in order to promote economic diversification and competitiveness

Branch Line Empires Michael Bezilla,Luther Gette,2017-11-06 The saga of a fierce business rivalry Absorbing well written will appeal to American history scholars and railroad enthusiasts Choice The Pennsylvania and the New York Central railroads helped to develop central Pennsylvania as the largest source of bituminous coal for the nation By the late nineteenth century the two lines were among America's largest businesses and would soon become legendary archrivals The PRR first arrived in the 1860s Within a few years it was sourcing as much as four million tons of coal annually from Centre County and the Moshannon Valley and would continue do so for a quarter century The New York Central through its Beech Creek Railroad affiliate invaded the region in the 1880s first seeking a dependable long term source of coal to fuel its locomotives but soon aggressively attempting to break its rival's lock on transporting the area's immense wealth of mineral and forest products Beginning around 1900 the two companies transitioned from an era of growth and competition to a time when each tacitly recognized the other's domain and sought to achieve maximum operating efficiencies by adopting new technology such as air brakes automatic couplers all steel cars and diesel locomotives Over the next few decades each line began to face common problems in the form of competition from other forms of transportation and government regulation and in 1968 the two businesses merged Branch Line Empires offers a thorough and captivating analysis of how a changing world turned competition into cooperation between two railroad industry titans Includes photographs *Infantry*,2011 *1917 and the Consequences* Gerhard Besier,Katarzyna Stokłosa,2019-09-30 The Russian Revolution of 1917 has been one of the most important events of modern history It changed

the course of the events not only in Russia but on a wider scale across the world while it influenced the flow of history throughout the twentieth century until the fall of the Soviet Union and to some extent well beyond this time Radical change in Russia triggered social revolutions and reformations across Europe while authoritarian systems shaped their societies according to the Russian model This book analyses these forces particularly at the European periphery which has been underexplored until this volume Personal Satellite Services Giovanni Giambene,Claudio Sacchi,2011-09-05 This book constitutes the thoroughly refereed post conference proceedings of the Third International ICST Conference on Personal Satellite Services PSATS 2011 held in Malaga Spain in February 2011 The 33 revised full papers presented were carefully reviewed and selected and cover a wide range of topics such as multimedia IP next generation satellite networks bandwidth allocation aeronautic communications for air traffic management DVB S2 hybrid networks delay tolerant networking channel estimation and interference management satellite antenna design and localization systems **The Soviet Union and Cold War Neutrality and Nonalignment in Europe** Mark Kramer,Aryo Makko,Peter Ruggenthaler,2021-03-22 The Soviet Union and Cold War Neutrality and Nonalignment in Europe examines how the neutral European countries and the Soviet Union interacted after World War II Amid the Cold War division of Europe into Western and Eastern blocs several long time neutral countries abandoned neutrality and joined NATO Other countries remained neutral but were still perceived as a threat to the Soviet Union s sphere of influence Based on extensive archival research this volume offers state of the art essays about relations between Europe s neutral states and the Soviet Union during the Cold War and how these relations were perceived by other powers **Maritime Technology and Engineering 5 Volume 2** Carlos Guedes Soares,2021-07-08 This set of two volumes comprises the collection of the papers presented at the 5th International Conference on Maritime Technology and Engineering MARTECH 2020 that was held in Lisbon Portugal from 16 to 19 November 2020 The Conference has evolved from the series of biennial national conferences in Portugal which have become an international event and which reflect the internationalization of the maritime sector and its activities MARTECH 2020 is the fifth of this new series of biennial conferences The set comprises 180 contributions that were reviewed by an International Scientific Committee Volume 2 is dedicated to ship performance and hydrodynamics including CFD maneuvering seakeeping moorings and resistance In addition it includes sections on ship machinery renewable energy fishing and aquaculture coastal structures and waves and currents *500 Days* Kurt Eichenwald,2012-09-18 Kurt Eichenwald New York Times bestselling author of Conspiracy of Fools and The Informant recounts the first 500 days after 9 11 in a comprehensive compelling page turner as gripping as any thriller In 500 Days master chronicler Kurt Eichenwald lays bare the harrowing decisions deceptions and delusions of the eighteen months that changed the world forever as leaders raced to protect their citizens in the wake of 9 11 Eichenwald s gripping immediate style and true to life dialogue puts readers at the heart of these historic events from the Oval Office to Number 10 Downing Street from Guantanamo Bay to the depths of CIA headquarters from the al Qaeda

training camps to the torture chambers of Egypt and Syria He reveals previously undisclosed information from the terror wars including never before reported details about warrantless wiretapping the anthrax attacks and investigations and conflicts between Washington and London With his signature fast paced narrative style Eichenwald whose book *The Informant* was called one of the best nonfiction books of the decade by The New York Times Book Review exposes a world of secrets and lies that has remained hidden for far too long

Decarbonization in the European Union Sebastian Oberthür,2015-06-25 The authors examine how far internal policies in the European Union move towards the objective of reducing greenhouse gas emissions in the EU by 80 95 per cent by 2050 and how or whether the EU s 2050 objective to decarbonise could affect the EU s relations with a number of external energy partners

The Publisher Alan Brinkley,2011-04-05 Acclaimed historian Alan Brinkley gives us a sharply realized portrait of Henry Luce arguably the most important publisher of the twentieth century As the founder of Time Fortune and Life magazines Luce changed the way we consume news and the way we understand our world Born the son of missionaries Henry Luce spent his childhood in rural China yet he glimpsed a milieu of power altogether different at Hotchkiss and later at Yale While working at a Baltimore newspaper he and Brit Hadden conceived the idea of Time a news magazine that would condense the week s events in a format accessible to increasingly busy members of the middle class They launched it in 1923 and young Luce quickly became a publishing titan In 1936 after Time s unexpected success and Hadden s early death Luce published the first issue of Life to which millions soon subscribed Brinkley shows how Luce reinvented the magazine industry in just a decade The appeal of Life seemingly cut across the lines of race class and gender Luce himself wielded influence hitherto unknown among journalists By the early 1940s he had come to see his magazines as vehicles to advocate for America s involvement in the escalating international crisis in the process popularizing the phrase World War II In spite of Luce s great success happiness eluded him His second marriage to the glamorous playwright politician and diplomat Clare Boothe was a shambles Luce spent his later years in isolation consumed at times with conspiracy theories and peculiar vendettas The Publisher tells a great American story of spectacular achievement yet it never loses sight of the public and private costs at which that achievement came

The International Co-operative Alliance and the consumer co-operative movement in northern Europe, c. 1860-1939 Mary Hilson,2018-04-10 The book examines the history of co operation in the broad context of the history of consumerism and consumption of internationalism and the development of international organisations and debates about international trade during the inter war period The fundamental question explored in the book concerns the meaning of co operation Was it a social movement or an economic enterprise Did it aspire to challenge capitalism or to reform it Did it contain at its heart a political vision for the transformation of society or was it simply a practical guide for organising a business Hilson argues that it was both but that an examination of the debates over the different meanings of co operation can also illuminate broader questions about the emergence of consumer interests in the

first half of the twentieth century especially in a transnational context
