Alfa Mail is about Alfa Romeos What made them great and what will probably make them extinct It's also about other cars too great good bad and appalling plus planes bikes places people prejudice and tractors Motor vehicles are the greatest practical enablers of the 20th Century even IT can't physically take us to Hollywood or hospital and stir our emotions like few other artefacts Artefacts and their creators make history Thus this book is also about great endeavours and sad whimpers About inspired artists dedicated engineers reckless drivers and intellectually barren marketing people Fortunately for sanity's sake this book is also quite happy to take the piss And Alfa enthusiasts are used to jokes Combines scholarship with unbridled prejudice Occasionally makes Clarkson seem strangely reasonable A H Davis
