romanticized and remarkably visible mythology for the National Football League The company packages football as a visceral and dramatic sequence of violent beautiful graceful and heroic gridiron battles Historically proven formulas for presentation such as the dramatic voiceovers once provided by John Facenda's baritone the soaring scores of Sam Spence's rousing background music and the epic poetry found in Steve Sabol's scripts are still used today From the Vincent Price narrated Strange but True Football Stories to the currently running series Hard Knocks NFL Films distinguishes the NFL from other sports organizations and from other media and entertainment Vogan tells the larger story of the company's relationship with and vast influence on our culture's representations of sport the expansion of sports television beyond live game broadcasts and the emergence of cable television and Internet sports media Keepers of the Flame NFL Films and the Rise of Sports Media presents sports media as an integral facet of American popular culture and NFL Films as key to the transformation of professional football into the national obsession commonly known as America's Game Teaching Critical Religious Studies

Jenna Gray-Hildenbrand, Beverley McGuire, Hussein Rashid, 2022-08-11 Are you teaching religious studies in the best way possible Do you inadvertently offer simplistic understandings of religion to undergraduate students only to then unpick them at advanced levels This book presents case studies of teaching methods that integrate student learning classroom experiences and disciplinary critiques It shows how critiques of the scholarship of religious studies including but not limited to the World Religions paradigm Christian normativity Orientalism colonialism race gender sexuality and class can be effectively integrated into all courses especially at an introductory level Integrating advanced critiques from religious studies into actual pedagogical practices this book offers ways for scholars to rethink their courses to be more reflective of the state of the field This is essential reading for all scholars in religious studies **Remake Television** Carlen Lavigne, 2014-02-27

Remakes are pervasive in today's popular culture whether they take the form of reboots reimaginings or overly familiar sequels Television remakes have proven popular with producers and networks interested in building on the nostalgic capital of past successes or giving a second chance to underused properties Some TV remakes have been critical and commercial hits and others haven't made it past the pilot stage all have provided valuable material ripe for academic analysis In Remake Television Reboot Re use Recycle edited by Carlen Lavigne contributors from a variety of backgrounds offer multicultural multidisciplinary perspectives on remake themes in popular television series from classic cult favorites such as The Avengers 1961-69 and The X-Files 1993-2002 to current hits like Doctor Who 2005-present and The Walking Dead 2010-present Chapters examine what constitutes a remake and what series changes might tell us about changing historical and cultural contexts or about the medium of television itself *Abortion in Popular Culture* Brenda Boudreau, Kelli Maloy, 2023-04-04 Abortion in Popular Culture A Call to Action brings together scholars who examine depictions of abortion in film television literature and social media By examining texts ranging from classic television series such as Maude and Roseanne and recent films such as Never Rarely Sometimes Always and Unpregnant to dystopian novels and social media campaigns the essays

analyze narrative styles rhetorical strategies and cinematic techniques all of which shape cultural attitudes toward abortion They also analyze cultural shifts including the willingness or reluctance of networks cable channels and filmmakers to acknowledge changing trends in reproductive health such as medication abortion and the role that abortion plays in family planning As a whole however the essays argue that popular culture can play a significant role in destigmatizing abortion by including a wider range of narratives and doing so with nuance and empathy With reproductive rights under attack in the United States each essay is a call to action for writers producers directors showrunners authors and musicians to use their platforms to tell more positive and accurate stories about abortion *A Star Is Found* Janet Hirshenson, Jane

Jenkins, 2007-11 Two of the top casting directors in the business offer an insider's tour of their crucial craft spotting stars in the making in this lively memoir full of the kind of backroom detail loved by movie fans and aspiring actors alike
