God Esteem, Not Self-esteem Vicki Chandler, 2006-10 God Esteem Not Self Esteem Summary It seems that self esteem is a household phrase nowadays But for those who have low self esteem it s more than just a phrase It represents real pain Trying to boost your own self esteem at times is so difficult Good self esteem can be very fragile People or circumstances can really shake our feelings of self worth Too often life seems to control us by shaping our feelings We all desperately want to find approval acceptance hope and comfort Life seems so hard We just want relief We all want to discover our true value and purpose But we can t always control situations or other people So what can we do The answer lies not in what we do but in how we think The challenge is to change how we think Rather than focusing on how much we esteem ourselves we should focus on God s esteem for us Complete contentment results from considering how much He loves us At the core of God esteem is an intimate awareness of God He who created the universe created you not by mistake but by loving design God esteem is the knowledge that there is One who loves you unconditionally even when striving to please others fails He loves you when everyone else rejects you or betrays you He forgives you and still loves you when you fail or sin He demonstrated that love when He sent His only Son to die for you God esteem involves an assurance that you have a purpose in life There is a confidence that God who esteems you so highly will take care of you even through difficult times It s a matter of shifting focus and trusting in Him Shifting from self esteem to God esteem results in relief from the hidden helpless feelings of inadequacy As you relinquish your need to control your self esteem and allow God to minister to you He will guide you through life Trust the Lord to minister to you and heal those emotions we refer to as poor self esteem In this book you will find promises that the Bible has for you As you read them you will gain an assurance that God will complete the good work He has begun in you He is faithful and He loves you The entire thrust of the book is to help you transform your thinking about self esteem Practical suggestions are offered to address feelings typically referred to as poor self esteem They include Shift your focus to God Shift your focus to helping others Be a God pleaser and not a man pleaser Pray for God to reveal His will for you and to enable you to do it Work hard Change your expectations Expect tribulation rather than accept the popular belief that we are all entitled to a life of complete comfort Ask God to reveal your gifts and talents Periodically do a reality check Look around and see that problems are all relative We all experiencing difficulties Life doesn t seem so unfair when we consider what others have to deal with Our challenges in life sometimes pale in comparison

The Role of Contradictions in Spinoza's Philosophy

Yuval Jobani, 2016-01-29 Spinoza is commonly perceived as the great metaphysician of coherence The Euclidean manner in which he presented his philosophy in the Ethics has led readers to assume they are facing a strict and consistent philosophical system that necessarily follows from itself As opposed to the prevailing understanding of Spinoza and his work The Role of Contradictions in Spinoza's Philosophy explores an array of profound and pervasive contradictions in Spinoza's system and argues they are deliberate and constitutive of his philosophical thinking and the notion of God at its heart Relying on a meticulous and careful reading of the Theological Political Treatise and the Ethics this book reconstructs Spinoza's philosophy of contradictions as a key to the ascending three degrees of knowledge leading to the Amor intellectualis Dei Offering an exciting and clearly argued interpretation of Spinoza's philosophy this book will interest students and scholars of modern philosophy and philosophy of religion as well as Jewish studies Yuval Jobani is Assistant Professor at the Department of Hebrew Culture Studies and the School of Education at Tel Aviv University
