David Peace

Gb84 A Novel:

GB84 David Peace, 2014-11-04 Never before published in the U S GB84 will be launched in 2014 alongside two other novels by David Peace *The Damned* Utd and *Red or Dead* In taut and gripping prose that often feels like the relentless text of a surveillance report GB84 tells the story of the British coal miner s strike of 1984 including the actual bombings riots and protests that brought the country to the brink of civil war Called by its author fiction based on fact the book depicts a real life 1984 more violently dystopian than even Orwell imagined Slowly starving strikers find themselves pitted against a prime minister Margaret Thatcher determined to crush them a police force willing to use infiltration and violence to achieve her will and equally hungry scabs who need a job Mixing real events and characters with the voices of the increasingly desperate strikers the book becomes a stirring saga of courage against overwhelmingly sinister forces and paints a searing and haunting portrait of events that changed the course of British history

GB84 David Peace, 2011 Great Britain 1984 The miners strike The government against the people In a bloody and dramatic fictional portrait of the year that left an indelible mark on the nation s consciousness David Peace brings Britain s social and political past shockingly to life

Reaganism, Thatcherism and the Social Novel C. Hutchinson, 2008-10-31 The social novel is the traditional haunt of the liberal conscience What does the triumph of the New Right mean for this type of fiction in Britain and the US Should the liberal left seek consensus or assertion This book examines these issues and assesses the state of both nations as well as that of the contemporary novel

David Peace Katy Shaw, 2018-03-28 David Peace is an emerging author who is widely read and taught and whose novels are increasingly translated into commercial film *The Damned* United March 2009 and television Channel 4 adaptation of the *Red Riding Quartet* March 2009 Dr Katy Shaw s book provides a challenging but accessible critical introduction to his work through a detailed analysis of his writing as well as the socio cultural contexts of its production and dissemination The author explores Peace s attempts to capture the sensibilities of late twentieth century society and contributes to an ongoing debate in the media about Peace s representations Influenced by critical theory the text will be the first secondary resource concerning this rising star of contemporary British literature While UK readers will seek insight into the socio cultural contexts of England s regions and in particular his writing on the *Yorkshire Ripper* and the 1985 5 miners strike Peace also has a following in the US where both *The Damned* United and *Red Riding* are set to receive a national cinema release in 2009 10 This broad international appeal and readership will be explored and discussed especially in the context of crime fiction and social engagement This text is the first critical resource concerning this author and will cover the full body of Peace s writings to date the debates this work has generated and the often contentious representations offered by his novels

The Working Class and Twenty-First-Century British Fiction Phil O'Brien, 2019-12-05 *The Working Class and Twenty First Century British Fiction* looks at how the twenty first century British novel has explored contemporary working class life Studying the works of David Peace Gordon Burn Anthony Cartwright Ross Raisin Jenni Fagan and Sunjeev

Sahota the book shows how they have mapped the shift from deindustrialisation through to stigmatization of individuals and communities who have experienced profound levels of destabilization and unemployment O'Brien argues that these novels offer ways of understanding fundamental aspects of contemporary capitalism for the working class in modern Britain including class struggle inequality trauma social abjection racism and stigmatization exclusively looking at British working class literature of the twenty first century

The Contemporary British Novel Philip Tew, 2007-04-26 The Contemporary British Novel is a lively wide ranging guide to the key issues in writing in Britain since the mid 1970s including social change gender sexuality class history and ethnicity Designed to address problems faced by students in the exciting but challenging field of contemporary fiction the text is organised to focus on major topics including the changing nature of British identity the representation of urban identity and urban spaces class issues including the rise and fall of the middle class multiracial identity and hybridity The second edition includes a new introduction and a new chapter on fiction since the millennium focusing on a post 9 11 aesthetic Every chapter has been revised for the new edition and now includes an initial overview and recommended reading to offer guidance on further study Includes readings of novels by Martin Amis Pat Barker A S Byatt Jonathan Coe Hanif Kureishi Salman Rushdie Will Self Zadie Smith Jeanette Winterson among others

Digging the Seam Ian W. Macdonald, Simon Popple, 2012-11-15 The 1984 5 Miners Strike was one of the most important political events in British history It was a bitter dispute that polarised public opinion divided nation and families alike and the results in terms of the destruction of centuries of industrial and cultural tradition are still keenly felt The social and political consequences of this dispute which have resonated for the past quarter century have been subject to detailed analysis and reflection The consequences for the arts and popular culture are less clearly mapped This book attempts to begin to redress this imbalance and signal the importance of popular cultural activity both during and after the strike The essays that appear in this book represent diverse and multidisciplinary responses to the questions raised by the strike and its relationships to a broad range of cultural forms which include literature film photography music theatre television drama and documentary painting public art and heritage interventions These responses are organised around four themes that map the interrelatedness between

cultural representation cultural intervention and historical memory The first deals with the idea of mining culture and pre strike representations in popular sentiment film and literature The second examines the role cultural forms played directly in the context of the strike as a means of political commentary activism and fund raising The third looks at subsequent cultural renderings or reconstructions of the strike and the final section looks at the current process of memorialisation and commemoration The book draws together a range of voices from academia heritage cultural and mining backgrounds and offers both a historical perspective on the range of cultural activities in the course of the dispute and subsequent readings and re readings It aims both to provide a record of cultural intervention and stimulate new dialogues and perspectives

The Cambridge Companion to British Fiction, 1945-2010 David James, 2015-10-06 The Cambridge Companion to British Fiction since 1945 provides insight into the critical traditions shaping the literary landscape of modern Britain **Precarity in Contemporary Literature and Culture** Emily J. Hogg, Peter Simonsen, 2021-04-22 The contemporary moment is characterized by precarity an expanding and intensifying vulnerability conditioned by political and economic structures Using literary and cultural texts to develop a nuanced and critical exploration of the concept of precarity that emphasizes its contemporary manifestations while also attending to its historical roots and existential dimensions this book examines the vulnerabilities which characterize our anxious existence including unemployment environmental crisis temporary contracts and patterns of migration Broken down into three key themes of feelings bodies and time Precarity in Contemporary Literature and Culture asks whether precarity can be considered a new phenomenon explores the relationship between precarity and traditional class politics analyses precarity's global dimensions and reflects on the links between contemporary crisis and underlying existential human vulnerability With reference to a wide range of forms such as contemporary realist science fiction and modernist novels film theatre and the lyric poem this book goes beyond one national context to consider texts from the US UK Germany and South Africa
