Reviews of the first performance of a school play for students and parents

A special school play was performed for students and parents last week. The intention of promoting harmony between students and parents was good, however, the performance was not as good as it was from start to finish.

The play was about the relationship between students and parents. In the story, a student who got a poor academic result but he always thought that he was right. His parents always shouted at him and blamed him for not studying well. They never had communication and they had a really bad relationship. Until the student had a car accident, he found that his parents loved him very much indeed. With the help from the social worker, they finally know what is the right attitude to communicate with each other. The parents started not blaming their son, but encouraged him instead. As a result, the student's academic result was improved and they lived with peace and harmony afterwards.

The script was so ordinary and typical, it showed no variations. The shift from the bad relationship between the students and parents to the harmonious one through a car accident was very odd. The flow of the storyline was not smooth and it made the audience felt confused. Apart from the script, the technique of doing a drama was also very poor.
