La guerre civile russe Alexandre Jevakhoff, 2017 Prolongement de la révolution russe d'Octobre 1917 la guerre civile rassemble l'ensemble des événements qui déchirent l'ancien Empire russe durant plus de cinq années Elle ne se réduit pas simplement la prise du pouvoir par les bolcheviks ni même l'opposition entre révolutionnaires Rouges dont les courants sont multiples et les affrontements sanglants et Blancs partisans du retour au régime tsariste tout aussi déchirés La violence ruineuse du conflit n'est pas due au seul choc des terreurs déchaînées en haut cette guerre civile est d'abord un chaos indescriptible et très violent où l'État et la société russes se sont désintégrés sous la poussée de multiples forces centrifuges Pour mieux cerner les implications profondes de cet événement complexe et le raconter il fallait la connaissance intime de l'empire russe d'Alexandre Jevakhoff ainsi que sa plume Le résultat de ce travail de longue haleine est exceptionnel l'auteur livre enfin une étude complète et passionnée de ce moment essentiel dans l'histoire du XXe siècle

Historical Dictionary of the Russian Civil Wars, 1916-1926 Jonathan D. Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world's first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917 Instead it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its would be successor states across a prolonged period The Historical Dictionary of the Russian Civil Wars 1916-1926 covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has almost 2 000 cross referenced entries on individuals political and governmental institutions and political parties and military formations and concepts as well as religion art film propaganda uniforms and weaponry This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Civil War

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied

periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state

L'Empire russe en révolutions Michel Tissier, 2019-08-14 Entre 1905 et 1922 l'Empire russe a connu une série d'épisodes révolutionnaires qui ont abouti à la chute de l'empire tsariste et à la création de l'Union soviétique L'ouvrage se consacre à cette quinzaine d'années qui ont métamorphosé la Russie de Nicolas II et le monde tout entier en présentant et analysant les différentes phases du processus révolutionnaire Le soulèvement en 1905 contre le régime autocratique des Romanov est le premier de ces événements Il bouleverse les anciens équilibres et fait entrer le pays dans une profonde crise d'identité politique entre maintien de l'autocratie et expérience constitutionnelle L'entrée de l'empire dans la Grande Guerre les échecs militaires la crise économique et les grèves aboutissent à la révolution de Février 1917 l'abdication du tsar et la formation d'un gouvernement provisoire Enfin la révolution d'Octobre 1917 voit la prise du pouvoir par les bolcheviks l'instauration d'un gouvernement communiste et le début d'une guerre civile qui durera jusqu'en 1922 date de la création de l'Union soviétique Cette analyse politique institutionnelle et économique propose une vision ample de la période et montre la pertinence d'un domaine impérial russe non pas dissous mais reconfiguré par les nouveaux maîtres du pays

The Shock of History: Religion, Memory, Identity Dominique Venner, 2015-08-06 The shock of history we live it neither knowing or comprehending it France Europe

and the world have entered into a new era of thought attitudes and powers This shock of history makes clear the fact that there is no such thing as an insurmountable destiny The time will come for Europe to awaken to respond to the challenges of immigration toxic ideologies the perils of globalism and the confusion that assails her But under what conditions That is the question to which this book responds Conceived in the form of a lively and dynamic interview with a historian who after taking part in history himself never ceased to study and reflect upon it In this text the first of his major works to appear in English Dominique Venner recounts the great movements of European history the origin of its thought and its tragedies He proposes new paths and offers powerful examples to ward off decadence and to understand the history in which we are immersed and in which we lead our lives

Russie, Révolutions et stalinisme Pierre Vallaud, 2012-08-22 Joseph Staline 1878-1953 secrétaire général du PCUS de 1922-1952 et dirigeant de l'URSS jusqu'à sa mort a établi en Russie un régime de terreur totalitaire marqué par le culte de la personnalité Les historiens lui attribuent la responsabilité de la mort de plusieurs millions de personnes Mais son souvenir est galement associé à la victoire militaire contre l'Allemagne nazie qui lui conféra après guerre un immense prestige et permit au successeur de Lénine d'étendre son emprise de Berlin Est au Pacifique Staline est le personnage central de ce livre mais Lénine Trotski bien sûr et leurs pigones sont bien présents tout comme le peuple russe l'Internationale et les nations satellites embarqués dans l'aventure du socialisme dans un seul pays Ce livre retrace la genèse et l'histoire du stalinisme en Russie des origines son crêpuscule et ce depuis la révolution de 1905 Il montre ce que fut la réalité de la construction du socialisme en URSS la lutte féroce qu'ont menée les bolcheviks pour arriver au pouvoir les violences faites au peuple russe mais aussi aux plus anciens révolutionnaires victimes des purges qui ont jalonné cette période de l'histoire russe
