Buddha Voltaire Arendt and others have to tell us about the slippery nature of stupidity During a narrative that takes us from ancient Greece to artificial intelligence and accompanied by such heroes of stupidity as Flaubert s double act Bouvard and Panchette Jeffries casts a sceptical eye on attempts to root out stupidity by such means as IQ tests eugenics gene editing and racist education policies finding each attempt to be more stupid than the stupidity they were ostensibly devised to eradicate If today we are living in a fool s paradise has our species become too dim to learn anything from its rich history of folly
