Hit It With A Bigger Hammer:

My Adventurous Tales Eugene Harvey, 2021-05-12 During my career in education I taught English grammar poetry British literature and of course spelling After retirement and when visiting grandchildren I was challenged to put my English skills into practice verbally They would ask me to tell tales for their entertainment which I did but to make them special I would limit the storytelling to Saturday evenings only They looked forward to the stories and kept track of the time to reminded me of the day To make it more authentic and so they didn't think I was just making up tales I would take any book from the bookshelf and riffle through the pages as I told adventurous stories that pleased and entertained them The character's names stemmed from my patriotism During my military service I was quite proud of the red white and blue Hence the characters were named Redford Red Wyatt white and Ballou blue And there are other references to these three colors throughout the books The four books presented here are a portion of the tales I related to my grandchildren then and put them on paper Therefore there are more books yet to be written If you enjoy fun adventure learning and mystery there will be more books forthcoming That gives you the reader something for which to watch Also be alert for the coming animated adventures of the three Ladds and their comic books

Hit It with a Bigger Hammer Kevin Boyle, 2014-10-30 I did not set out to change the way the world manages crime and corruption but that is the potential outcome of the successful prevention solution I founded 25 years ago in commerce Be careful what you look for I have been obstructed within and outside the security industry from further employing and developing the solution and this book is written to tell its story so that you can decide on its merits and future After a brief 5

year career in policing I transferred the best practice policing methods into proprietary security management in commerce and quickly found that they did not prevent offending and indeed probably aggravated it When highlighting this with peers I was told I was going soft and told to get tougher which simply posed more questions than answers so I began to answer those questions I discovered that since policing was incepted over 2000 years ago it has been societys expert purveyor of crime prevention method and advice and this has gone unquestioned and unchallenged over that time What has evolved is that policing is the fence at the top of the cliff of societal crime management as well as the ambulance at the bottom creating a serious conflict of interest that has allowed the anomaly to be perpetuated and manifest itself into the systemic failure of our criminal justice system This failed ideology has inexorably crept into the private security industry as best practice in prevention management that now manages crime and corruption in commerce and sports and other areas where it achieves the same failed prevention outcomes Whether you are an athlete in sport an employee in commerce or a citizen of society you will recognize this truth and this book gives you the opportunity to build a fence at the top of the cliff for the first time in the history of crime and corruption management

Time of the Dragons James A. Owen, 2015-10-20 James A Owen continues to take readers on a journey through the fantastical world of beloved fantasy where dragons are real and dreams and nightmares come true John and Jack two of the Caretakers of the Imaginarium Geographica have discovered a plea for help on an ancient medieval parchment it is not only addressed to them but seems to have been written by their friend Hugo Dyson Yet before they can discover the origin of the strange book Hugo walks through a door in time and vanishes into the past And just like that the world begins to change The only hope to restore the proper order of things lies in a forgotten island at the edge of the Archipelago where a time travel device left by Jules Verne must be used to race through history itself from the Bronze Age to ancient Alexandria and the founding of the Silver Throne But even if all of the legendary Caretakers from past and present are able to answer the oldest mystery in the world and save Hugo darker forces may still be gathering against them and a greater crisis may be at hand Together with a new enemy the Imperial Cartological Society the Shadow King may be unstoppable The only hope may in the Grail Child Rose Dyson and her companions desperate quest to find the only weapon
